

Dear Parents and Guardians,

I am challenging your child to a Five-book reading challenge this summer. The challenge is a way to get readers interested in and exposed to a variety of literature. Please help your child locate texts in the various genres listed below. The public library is a great place to locate books (and it's free!). This is something that will continue throughout the school year, so I want the students to get used to this process.

Happy Reading!

Mrs. Bray
