

Dear Parents,

We are asking that you please limit guest to two people for grade level awards' day. We understand that this is an exciting time, but we still want to be respectful of everyone's space. As we seem to be heading out of the pandemic, it's still here and we want to practice social distancing when at all possible.

Kindergarten students may have a 3rd guest, but we respectfully ask you to please stick to three guests. Kindergarten is a child's first year of school and we understand the excitement of wanting to share this day with your child. If you have any questions, please call the school to speak with administration.

Thanks so much!
