WELCOME TO THE TUSCALOOSA COUNTY SCHOOL SYSTEM WHERE STUDENTS LEARN, GROW, AND ACHIEVE

Every school system has its own story to tell. The context in which teaching and learning takes place influences the processes and procedures by which our system makes decisions around curriculum, instruction, and assessment. The context also impacts the way our system stays faithful to our vision. Our system bears the great responsibility of educating young minds. Our goal is to prepare young people for their first big step into an adult world, a world that demands self-discipline and social skills as well as academic and work skills. Every effort within all of our programs, initiatives, professional development sessions, parental involvement programs, and community outreach is geared toward the idea that we keep students first. Program reviews and the work we do on a daily basis is predicated on the belief that every student has great potential, is worthy of every effort, and that our role as educators is to prepare them to be successful high school graduates. That success is to be measured by the fact that they will be well prepared for college or to enter the work force as a productive citizen and leader of tomorrow.

This Student-Parent Information Guide is designed to assist parents and students to better understand the daily operations and policies of the Tuscaloosa County School System so that they may effectively use all the resources our schools offer. The Tuscaloosa County School System’s Policy Manual is available on the system website at www.tcss.net.

SCHOOL OPENING AND CLOSING TIMES

The times established for the opening and closing of the schools of the school system are 15 minutes prior to the time students are to report to first class and 15 minutes after the last class period each day. Between these times and throughout the school day, school personnel will be on duty and available to supervise and care for students. However, school system personnel should not be and are not expected to assume responsibility for students whose parents permit them to arrive at school before the time noted above and/or to remain at school after the time noted above.

By presentation of this policy, the Board hereby notifies parents/guardians that school personnel are not available to assume responsibility for students who arrive on a school campus before and remain after the times noted above, except that school personnel shall be on duty to assume responsibility for students transported via school system-owned buses.

Parents/guardians are expected to take responsibility for assuring that their child arrives before the opening of school and is picked up after the closing of school within the time frames noted above. If, for any reason, parents are not able to comply with the times noted, a conference should be scheduled with the Principal to discuss the matter (Policies: 3.24/3.24.1).
**EXTENDED DAY PROGRAM**
The Extended Day Program is an extension of the regular school day designed to offer enrichment programs for students, on a fee-basis, in elementary schools and to meet after-school childcare needs of working parents. All Extended Day Programs operate from the time students are dismissed from school until 5:45 p.m. for 5 days a week throughout the school year on those days when school is in session. In order for an extended day program to be offered, there must be enough student participation for the program to be cost-effective. If there is a need in your area, your school may elect to offer a morning program before the regular school day begins. Contact your local school to register and for specific information regarding cost.

**SCHOOL VISITORS**
All school visitors are required to report to the Principal’s office upon arrival at a school campus. The safety of our children at each one of our schools is a paramount concern; therefore, all visitors will be required to sign-in and secure a visitor’s pass through the Raptor security system. The Raptor security system is used to track and monitor all visitors. Front office staff members use a camera system to view visitors before granting access to the front office. Once the visitor arrives in the office, the visitor provides a government issued photo ID card, which is then run through multiple databases to ensure the visitor is allowed on school property. Once cleared by all databases, the Raptor security system prints out a personalized name tag displaying the visitor’s photo and areas of the school they are authorized to visit.

**STUDENT VISITORS**
Students enrolled in the school system are not permitted to bring student visitors to school during regular school hours without prior approval by the Principal.

**CHECKING STUDENTS OUT OF SCHOOL**
All parents/guardians or other authorized persons coming to school to check a student out of school must do so through the Principal’s office via the school’s approved checkout plan. Such persons are not to go directly to classrooms for this purpose (Policy: 5.34).

**PARENT INVOLVEMENT POLICY**
The Board recognizes that involving parents at all levels in the school is essential to improved student achievement. The extent of parent involvement in a child’s education is more important to student success than family income or education. Parent refers to any caregiver who assumes responsibility for nurturing and caring for children, including parents, grandparents, aunts, uncles, foster or stepparents. The Board supports the development and implementation of a comprehensive parent involvement program, which will involve parents at all grade levels in a variety of roles, in every school. Local school plans will include, but not be limited to, the following components of successful comprehensive parent involvement programs:

- Regular, two-way, meaningful communication between home and school;
- Promotion and support of responsible parenting;
- Recognition that parents play an integral role in assisting student learning;
- Recognition that parents can be provided techniques and strategies for assisting their children with learning activities at home;
- A welcoming atmosphere for parents in the school and active solicitation of parents’ support and assistance for school programs;
- Inclusion of parents as full partners in the decisions that affect children and families;
- Recognition that different types of parent/family involvement produce different gains; and
- Availability of community resources to strengthen school programs, family practices, and student learning and development.

The Board supports and encourages professional development opportunities for teachers and administrators to enhance understanding of effective parent involvement strategies. The Board also recognizes the importance of administrative leadership in setting expectations and creating a climate conducive to parent participation. Parent involvement is most effective when it is comprehensive, supportive, long-lasting, and well-planned. Schools, in collaboration with parents, teachers, students, and administrators, must establish and develop efforts that enhance parent involvement and reflect the needs of students and families in the communities they serve (Policy: 5.73).

**BOARD MEETINGS**
The Tuscaloosa County Board of Education meets regularly on the second Monday of each month at 5:00 p.m. at the Central Office, which is located at 1118 Greensboro Avenue, Tuscaloosa, Alabama 35401. Website: [www.tcss.net](http://www.tcss.net)

- A child whose birthday is after December 31st is not admissible to first grade classes in the Tuscaloosa County School System that year, except that an underage child who completes a mandated kindergarten program in another state may be admitted upon approval of the Board of Education on a space available basis.

ALL STUDENTS WHO SEEK TO ENROLL IN A SCHOOL OF THE SCHOOL SYSTEM FOR THE FIRST TIME MUST PRESENT TO THE PRINCIPAL THE FOLLOWING DOCUMENTS (Policy 5.19):
- an official birth certificate or other document for age verification purposes in kindergarten and 1st grade. (Examples: U.S. or foreign birth certificate; religious, hospital, or physician’s statement; baptismal certificate; adoption record; previously verified school records; or other record acceptable to the school principal). Failure of the parent or legal guardian to provide a birth certificate will not deny, nor delay, a student’s enrollment.
- proof of residence (copy of power bill, telephone bill, rent receipt, etc.) of the parent(s), legal custodian(s), and/or legal guardian(s). Falsification of residency is prohibited by Alabama Law (Section 13A-10-109).
- recent report card or release from last school attended. The school principal shall determine grade placement of students from a private or non-public school or from home education based on state regulations and Tuscaloosa County Board of Education rules regarding transfer of credit as well as other factors including test data, age, and previous school records.
- copy of current immunization form (Immunization certificates, required by Alabama law, must be presented to the Principal before a child can enroll in public school unless the child is determined to be McKinney-Ento or qualifies for ESL. Certificates are available from local physicians or local health departments. Only students presenting a Certificate of Medical Exemption or a Certificate of Religious Exemption are excused from this requirement.)
- valid social security number – Providing a social security number for school enrollment purposes is completely voluntary and failure to do so will not deny, nor delay, a student’s enrollment. The use of a social security number is solely for the purpose of identification of a student in our student management system. A unique identification number can be assigned by the local school system for any student whose parent(s) or legal guardian(s) do not wish to provide that information.
- proof of guardianship or custody when warranted (see section regarding establishing residency)
- verification from Principal of transferring school that the student is not currently suspended or expelled. Regardless of age, when a student facing some type of disciplinary action is withdrawn from school prior to receiving the punishment, said student (and his/her parent/legal guardian) should be informed that prior to admission/readmission to any Tuscaloosa County school, the disciplinary action would have to be completed. This includes any suspension, work assignment, or referral to the Superintendent or Board of Education for a hearing and applies to students re-enrolling in the Tuscaloosa County School System or who are enrolling from another school system.
- completed enrollment/transfer form
- exceptions may be granted as provided in Alabama statutes and federal law.

STUDENTS OVER SEVENTEEN YEARS OF AGE
- Admission may be denied to a resident student who is seventeen years of age or older based upon a review of the student’s disciplinary history, attendance, academic progress or who may have criminal charges pending or criminal convictions, unless the student qualifies for services under applicable state and federal law.
- Any student seventeen years of age or older who has not registered within the first five school days of the beginning of a new school term/semester will be denied admission unless extenuating circumstances are approved by the Superintendent or his/her designee and/or the student qualifies for services under applicable state and federal law. In such instances, any student seventeen years of age or older may be enrolled and is eligible for educational services until age of twenty-one.

CHILDREN OF BOARD EMPLOYEES
- Children of regular or full-time employees of the Board, retired Board employees, Board members, or Board employees who became deceased during their employment may enroll in the school zone for their residence or any school of the School System. Enrollment of children in any school outside their residence school zone must be approved by the Superintendent or designee based upon a written request. The approval of such requests will be based upon space available considerations with the understanding that the Board will not be responsible for transportation.

EQUAL ACCESS
- Children who are homeless, migrant, non-English speaking, in foster care, or disabled shall have equal access to the same free appropriate public education, including public preschool education, provided to other children and youth. Such children will be provided the opportunity to participate in the same state educational programs and to meet the same performance standards as all other children without being isolated or stigmatized.
- Students who live in the attendance areas of Tuscaloosa County School System and who are homeless, migratory, immigrant, limited English proficient, or in foster care shall not be prohibited from school attendance due to any of the following:
  - Residency requirements
  - Lack of social security number
  - Lack of birth certificate
  - Lack of school records or transcripts
  - Lack of immunizations
  - Legal custody requirements
  - Transportation
  - Language barriers
  - Disabilities

PRE-KINDERGARTEN (PRE-K)
- In Alabama, students are not required to attend Pre-K and funding is not provided as it is on a comprehensive basis for kindergarten through twelfth grade. The Tuscaloosa County School System places a high value on Pre-K programs and will continually strive to provide and expand Pre-K services as possible. As such, opportunity for enrollment into Pre-K classes in the Tuscaloosa County School System is on a limited basis.
- A child whose fourth birthday is on or before September 2nd shall be eligible to apply for admission to the Pre-K Program.
- Completion of a Pre-K application does not guarantee that a child will be enrolled, but instead places the child on a list for the school’s random selection drawing, per Office of School Readiness (OSR) guidelines.
- Priority will be given to students who live within the school’s attendance zone. Should there not be sufficient interest to fill open Pre-K class(es) within the school’s attendance zone, students within the entire Tuscaloosa County School System may be considered.
- Eligible special education students (ages 3-5) will be served according to their Individual Education Program (IEP).
ONLINE REGISTRATION FOR NEW AND RETURNING STUDENTS – INFOSNAP
The Tuscaloosa County School System is in the process of initiating a new online enrollment program called INFOSNAP, which is an online registration program designed to improve efficiency.

Implementing this customized online solution will streamline new and annual student registration through seamless integration between INFOSNAP and the Tuscaloosa County School System’s student information system, (INOW). A direct link to INFOSNAP may be found at www.tcss.net.

RESIDENCY REQUIREMENTS

DEFINITION OF RESIDENCE
For school attendance purposes, definition of residence is that the student physically resides full time, weekdays/night, and weekends, at a place of abode located within the limits of the school district or zone. All students will register at the school they are assigned to attend. The parent or legal guardian will provide evidence of residence and the school district administration will verify bona fide occupancy.

A student must attend the school(s) within the school zone in which his/her parent(s) or guardian(s) has established legal residence, except when school assignment has been approved as a part of the system-wide instructional program, under the employee transfer provision, or when a senior whose parent(s) or guardian(s) establishes residence outside the area served by the School System or outside the school zone. At the discretion of the parent(s) or guardian(s), the student may complete his/her senior year at the school he/she currently attends. The School System shall not be responsible for the student’s transportation. Exceptions may be granted as provided in Alabama statutes and federal law.

A student enrolling or entering the school district will be required to verify his/her residence address as a part of the registration process. Students are not legally enrolled until the verification of residence has been completed. Students, their parent(s) and/or guardian(s) may be required to provide a Declaration of Residence or forms to be established by the Superintendent or his/her designee. When the actual residence of a student comes into question, the Coordinator of Student Services or his/her designee may investigate and in his/her discretion, require additional proof of full-time, actual residency within the attendance zone or county, as the case may be.

ESTABLISHING RESIDENCY

A. Students Living with Parents or Legal Guardians
   The parent or legal guardian of a student seeking to enroll in a school will provide the school with a mortgage document, property deed, or an apartment or home lease AND any one of the items numbered (1) through (4) below as verification of their address.
   1. Utility bills (water, gas, electricity);
   2. Personal visit by a designated school district official;
   3. Filed Homestead Exemption Application form; and/or
   4. Any other documentation that will objectively and unequivocally establish that the parent or legal guardian resides within the school district. Any document with a post office box as an address will not be accepted. An affidavit will not be accepted as proof of residency. If the student has a legal guardian, a copy of the court order appointing the guardian must be provided to the district. If a petition for guardianship has been filed and the decree is pending, the student or guardian must provide a certified copy of the filed petition for guardianship. Any legal guardianship formed for the purpose of establishing residency for school attendance purposes shall not be recognized.

B. Homeless Children/Unaccompanied Youth
   When a child is determined to be homeless as defined by the Stewart B. McKinney, Act 42 USC Sections 11431 (1), 11432 (e)(4), and 11302 (a), the school district will consider and take the enrollment action that is in the best interest of the child pursuant to 42 USC 11432 (e)(3).

C. Students Living with Adults other than Parents or Legal Guardians
   The non-parent(s) claiming district residency must meet the same criteria as that of parents or legal guardians as stated in Part A. The adult must provide the school with legal guardianship or custodial papers and provide documentation fully explaining the reason(s) (other than school attendance zone or district preference) for this arrangement. The Superintendent or his/her designee will make the necessary factual determinations. Examples of situations where guardianship authority of an adult will be recognized to establish residency of the minor include but are not limited to the following:
   1. Death or serious illness of the child’s parent(s) or guardian
   2. Abandonment of the child
   3. Child abuse or neglect
   4. Seriously unstable family relationships or undesirable conditions in the home of the child’s parents or guardians having documented detrimental effect on the child
   5. Students enrolled in recognized exchange programs residing with host families and/or
   6. Incarceration of a parent.
   Any person who has assumed responsibility for the care and custody of the child shall be expected to begin the process of seeking legal guardianship before enrollment of the child and an approximate completion date must be given. Any legal guardianship formed for the purpose of establishing residency for school attendance purposes shall not be recognized.

D. An adult student (at least 19 years of age) may establish a legal residence based on applicable state laws.

DISTRICT REQUIREMENTS AND NON-COMPLIANCE

The requirements as stated above are minimal and the Tuscaloosa County School System reserves the right to require additional documentation and verification at any time. The Principal of a school is responsible for ensuring that only students eligible to attend that school are in fact enrolled and attending.

Any suspicion of violation of residence requirements will be investigated. Any case that cannot be resolved by the Principal will be referred to the Director of Student Services or designee for additional investigation and further action. Students enrolled in a school without proper residence verification and without an approved transfer will be withdrawn from the school in which they are illegally enrolled.

LOCATING SCHOOL ZONES, BUS ROUTES, AND BUS STOPS – INFOFINDER I
INFOFINDER I is the Tuscaloosa County School System’s bus transportation routing software that will provide parents with the ability to locate school zones, bus routes and stops based on their home address via the Internet and a web browser. A direct link to INFOFINDER I may be found at www.tcsm.net.
PLACEMENT AND ATHLETIC ELIGIBILITY OF TRANSFER STUDENTS

STUDENTS TRANSFERRING FROM A DIFFERENT ACADEMIC CALENDAR

The high schools in the Tuscaloosa County School System operate on a schedule that allows students to complete seven credits each year. Transfer students who enroll from a different academic calendar will be placed in the most closely matched courses to earn the student the maximum credit possible. Due to state mandates that require a student to pass specific content in the core courses and state guidelines that will not allow a student to receive credit for a course for which he/she has already received credit, it will at times be impossible to receive seven credits in a transfer year.

The students must be aware that the later in the semester one enters the more difficult the task of making up work and mastering content necessary for successful completion of all courses. The responsibility for mastering content already presented prior to the student’s enrollment rests with the student. Teachers will make information and materials available to students and will assist newly enrolled students in any ways which are practical; however, re-teaching of previous content, administering additional tests, or reviewing the course is not practical.

THE FOLLOWING PLACEMENT PROCEDURES SHALL APPLY TO ALL STUDENTS TRANSFERRING INTO THE SCHOOL SYSTEM:

1. A student transferring from a public or non-public school accredited by AdvancED Accreditation Commission (NCA Commission on Accreditation and School Improvement, the Northwest Accreditation Commission, and the SACS Commission on Accreditation and School Improvement) will have credits accepted without validation upon receipt of official transcripts. (AMC 290-3.1-1.02 (7)(i)(g)).
2. The decision about grade placement (K-12) will be based solely on the grade classification of the student at the previous school attended.

GPA DETERMINATION FOR TRANSFERS FROM ACCREDITED SCHOOLS

1. Transfer student coming in with AP/IB courses:
   Students receive the weight indicated on the transcript for AP/IB courses. The transcript is not changed.
   However, weight is not to exceed 1.0 for AP/IB and 0.5 for Honors.
2. If former school did not give weight for Honors courses, no weight will be awarded. The transcript is not changed. If additional weight was not added for honors courses at former school, no weight will be added.
3. Students transferring into Tuscaloosa County School System for the senior year are not eligible for valedictorian or salutatorian.
4. Accept grades submitted along with grading scale (Cannot change a grade, i.e. if grade submitted is 74-D, cannot change this to a C based on Tuscaloosa County School System’s grading scale)
5. If former school awarded weight for elective courses, no weight will be awarded by the Tuscaloosa County School System.
   EXCEPTION – Weighted credit of 1.0 may be given for AP/IB elective courses if former school awarded weight.

TRANSFERS FROM NON-ACCRREDITED SCHOOL SETTINGS

Grades 9-12 – Using all available records and nationally standardized tests, if available, from the sending school, the Principal or his/her designee shall determine placement. The process for making decisions about grade placement may take into consideration a variety of factors including age, maturity, motor coordination, capacity for learning, and academic progress. If there is a question about a transfer student’s placement, he/she may be assigned to a lower grade level for a three (3) to six (6) weeks evaluation period. Based on the student’s performance during this evaluation period, placement may then be changed to the appropriate grade level for a probationary period. Final grade placement will be determined after this probationary period.

Grades 6-8 – Using all available records and nationally standardized tests, if available, from the sending school, the Principal or his/her designee shall determine placement.

Grades 9-12 – To allow transfer of credits and determine the appropriate class/grade placement of a student transferring to this system from a non-accredited or home school, the following shall be implemented:

1. Credit for all elective courses shall be accepted without validation.
2. Uncontested credit for core courses (English, mathematics, science and social studies) shall be transferred as follows:
   - Using all available records and nationally standardized tests, if available, the principal or his/her designee shall determine the appropriate placement and then notify the student and the parent/guardian.
   - For any initial core course the student completes successfully in this system, he/she shall be permitted to transfer in that subject area all previous credits earned at a non-accredited or home school. (Example: Successful completion of eleventh grade English in this system would allow the student to transfer ninth and tenth grade English if completed successfully at the non-accredited or home school).
3. Contested credit for core courses (English, mathematics, science and social studies) shall be transferred as follows:
   - The principal or designee shall supervise the administration of the school systems’ content-based course specific validation test. For each validation test passed, the student shall be placed in the next level core course and credit for the prerequisite course(s) shall be transferred. Once a grade-level course has been validated, all preceding courses in that content area are recorded as validated.
4. In the event of the existence of controversial records/transcripts and/or the absence of any official or noratized records/transcripts, the principal or designee shall supervise the administration of the school systems’ content-based course specific validation test. For each validation test passed, the student shall be placed in the next level core course and credit for the prerequisite course(s) shall be transferred. Once a grade-level course has been validated, all preceding courses in that content area are recorded as validated. (Policy 4.60)

SENIOR TRANSFER STUDENTS

Except in the case of a bona fide change in residence or other circumstances equally valid for making an exception, a student is not to be graduated from high school unless he has been in continuous attendance therein during the entire high school year immediately preceding the date of graduation.

STUDENTS ENTERING WHO HAVE NOT ATTENDED ANY SCHOOL PREVIOUSLY THIS YEAR

Students who are not seventeen and enter after day five.

If it can be documented that a student is transferring from a system which had just started school (no more than five days into the semester) then the student may register. His/her semester average will be calculated by the average of the grades received after registration. The responsibility for mastering content already presented prior to the student’s enrollment rests with the student. Teachers will make information and materials available to students, and will assist newly enrolled students in any ways which are practical. However, re-teaching of previous content, administering additional tests, or reviewing the course is not practical.

If a student has been truant from this or other school systems, the student will receive a zero for each grade that the student has missed. These zeros will be averaged in with the grades he/she earns from that point.

Students who are over seventeen and enter after day five.

Any student seventeen years of age or older who has not registered within the first five school days of the beginning of a new school term/semester will be denied admission unless extenuating circumstances are approved by the Superintendent or his/her designee and/or the student qualifies for services under applicable state and federal law. In such instances, any student seventeen years of age or older may be enrolled and is eligible for educational services until age of twenty-one.
ATHLETIC ELIGIBILITY FOR TRANSFERS ACCORDING TO THE ALABAMA HIGH SCHOOL ATHLETIC ASSOCIATION

A student that enrolls in one school and later transfers to, or enrolls in, another school shall not be eligible immediately to represent the latter school in any athletic contest. See the section pertaining to Eligibility for Participation in Extracurricular Activities for a detailed explanation. The rules and regulations for athletic eligibility for transfers according to the Alabama High School Athletic Association may be found at www.AHSAA.com.

Migrant or non-English speaking students and/or their parents/guardians should contact the Tuscaloosa County School System's Director of Special Education at (205) 342-2789.

DISPUTE RESOLUTION PROCEDURES FOR MCKINNEY-VENTO STUDENTS

Parents/guardians/unaccompanied youth who disagree with the decision of the principal or her designee have a right to initiate a dispute resolution process on a matter related to McKinney-Vento eligibility and related procedures, procedural safeguards, and/or receipt of McKinney-Vento services. Requests by parents/guardians/unaccompanied youth for a review must be submitted in writing within five working days of the notice of action appealed to the Tuscaloosa County School System's McKinney-Vento Liaison. He may be reached at (205) 342-2726.

The information needed in the dispute is listed below:

- It must be stated in writing and signed
- It must identify the alleged violation or violations

- It must include a recommendation for resolving the grievance

The McKinney-Vento Liaison shall review relevant facts and render a written decision on the issue presented to the parent/guardian/unaccompanied youth within ten working days of the receipt of the dispute. If the parent/guardian/unaccompanied youth disagrees with the decision of the McKinney-Vento Liaison, the parent/guardian/unaccompanied youth has a right to request an impartial due process hearing with the Tuscaloosa County School System's Deputy Superintendent within five working days of the notice of action appeal. The Tuscaloosa County School System's McKinney-Vento Liaison shall review relevant facts and render a written decision on the issue presented to the parent/guardian/unaccompanied youth within ten working days of the receipt of the dispute.

IMMUNIZATIONS

Immunization certificates, required by Alabama law, must be presented to the Principal before a child can enroll in public school. Certificates are available from local physicians or local health departments. Only students presenting a Certificate of Medical Exemption or a Certificate of Religious Exemption are excused from this requirement.

SCHOOL HEALTH SERVICES AND SCHOOL HEALTH INFORMATION

Health promotion and academic achievement go hand in hand in allowing students to reap the most from their educational experiences. School nurses support the educational process by assisting students to attend school in optimal health. The Tuscaloosa County School System employs both Registered Nurses and Licensed Practical Nurses.

All students must have a completed Health Assessment Record form on file in the school health office. This form must be updated each school year, or sooner, if the student’s health information/condition changes. Any student who suffers from chronic or severe health problems (diabetes, asthma, seizures, heart problems, etc.) must have a completed Medical Alert Card on file in the school office. This form must be updated each school year and should be accompanied with information from the student’s doctor that defines the condition, notes any limitations placed on the student and provides an emergency care plan. When appropriate, a signed Medical Release of Information form and/or authorization for the school nurse to speak with the student’s physician may be required.

In addition, any student with noted health conditions on the health portion of the INFOSNAP/Health assessment forms will require verification/documentation from their physician, prior to the development or continuation of a health-care plan. This documentation should be provided to your child’s school nurse as soon as possible, preferably prior to the student’s first day of school.
- A Physician’s note will be required in order to confirm students’ medical diagnosis.
- This note will NOT be required on an annual basis; however, any medical updates on a student’s condition should be provided to the school nurse annually.
- Any student whom we do not receive a medical diagnosis confirmation on from the Physician, will be placed in a “disabled mode” in iNOW.
- All students prescribed daily and/or ‘as needed’ medication are already required to submit updated Physician orders each school year; therefore, these students will NOT require additional medical documentation.

MEDIATION

School personnel shall not administer medication (including over-the-counter medications) to a student except in accordance with policy. Parents/guardians are encouraged to administer medications to their children at home to the greatest extent possible. In such cases as it is medically necessary to administer medication during school hours, a completed School Medication Prescription/Parent Authorization form is required. The form must be completed by the prescriber and signed by both the prescriber and the parent for each prescription medication. Parents may complete the form for each non-prescription (over-the-counter) medication. All prescription and non-prescription medications must be delivered to the school nurse or designated school personnel by the student’s parent/guardian or the parent-designated responsible adult, in the original container. All prescription medication must be in a correct labeled container (which includes student’s name, licensed prescriber(s) name, name of medication, strength of medication, dosage, time interval, route, and the date of drug’s discontinuation when applicable. All medication must be approved by the school’s nurse (RN) prior to being given at school. Students are not allowed to possess or self-administer medications without prior approval and documentation by the school’s RN. The school’s RN may permit a student with a chronic illness to possess and self-administer approved medication provided that there is proper authorization by the licensed prescriber and parent/guardian on the School Medication Prescription/Parent Authorization form. Students are not to have in their possession any prescription medication or non-prescription medication on school grounds including school buses and school sponsored events. Failure to follow the Medication Administration Policy will be considered direct violation of the Student Drug and Alcohol Policy (Policy: 5.62). Parents will be notified to pick up any unused portion of medication when a course of medication is complete, out of date, and/or at the end of the school year. Medication not picked up by the parent will be destroyed in accordance with policy.
SCHOOL HEALTH SCREENINGS

In order to ensure that all students are able to benefit optimally from their educational experiences, school nurses may perform health screenings (vision, hearing, spinal, etc.) routinely or by referral from parents and/or teachers. At times, nursing students from approved nursing programs may observe and/or assist school nurses with screenings. If a parent does NOT authorize the school to screen his or her child, the parent must notify the child’s school nurse in writing.

STUDENT ILLNESS GUIDELINES

The Tuscaloosa County School System has a priority of keeping all of our students healthy and in school. One way we can all work together to do this is to prevent the spread of illness. Please use the following guidelines to determine whether or not students should be in school. Students presenting any of the symptoms noted below should obtain clearance from a physician prior to returning to school with a doctor’s note. It is strongly encouraged to check children for a fever before sending them to school. Students should not be sent to school until they have been fever free for at least 24 hours without taking a fever reducing medication.

HOMEBOUND SERVICES

The Tuscaloosa County School System provides homebound instructional services for eligible students. For students with a disability, or who are suspected of having a disability, the eligibility requirements for homebound services, and the services to be provided during the homebound placement, will be made exclusively by the IEP team or Section 504 team and will be based upon the individual needs of each student. Eligibility for students with a disability, or who are suspected of having a disability, will not be subject to the District’s restrictions for homebound services that may apply to students who are not disabled or not suspected of having a disability. For any non-disabled student, eligibility will be considered upon the written documentation provided by a physician, psychiatrist, or psychologist. For non-disabled students, the written documentation provided must justify an expected absence from school of at least four weeks.

SPECIAL EDUCATION

1. An Individual Education Program (IEP) meeting will be conducted with appropriate team membership to determine if homebound instructional services are appropriate based on the student’s needs.
2. If homebound services are needed, the IEP team will develop a plan for the appropriate services to be provided. The profile page, service page, and Least Restrictive Environment (LRE) must be changed.
3. Provide a copy of the amended IEP to the Special Education Department.
4. Schedule an IEP Team meeting to review the LRE within 45 days.
5. Assure that the homebound teacher is notified of any changes to homebound services after any subsequent IEP Team meeting.

SECTION 504

1. A 504 team meeting will be conducted with appropriate team membership to determine if homebound instructional services are appropriate based on the student’s needs.
2. If homebound services are needed, the 504 team will develop a plan for the appropriate services to be provided.
3. Provide a copy of the amended 504 plan to the Director of Student Services.
4. Schedule a 504 Team meeting to review the LRE within 30-45 days.
5. Assure that the homebound teacher is notified of any changes to homebound services after any subsequent 504 Team meeting.

NON-DISABLED

Eligibility for homebound instructional services for students without a disability (students who do not qualify for special education or Section 504) will be considered based upon the written documentation provided by a physician, psychiatrist, or psychologist. For non-disabled students, the written documentation provided must justify an expected absence from school of at least four weeks.

1. The parent or guardian must submit a Homebound Instructional Services Referral Form to the school.
2. The parent or guardian must provide the school with an update from the attending physician every four weeks.
3. The principal or principal’s designee, in consultation with their region’s Director of Curriculum and Instruction, will evaluate the request for services and determine eligibility.
4. The Homebound Instructional Services Student Referral form is to be completed and submitted to the central office in a timely manner.
5. A student will be counted absent from school prior to the date services have been approved. After approval for services, a student must be counted present when calculating attendance.
6. The services to be provided will be developed through a collaborative effort of the school principal, classroom teacher(s), parents, and may include any others who have knowledge of the student’s individual needs.
7. The student’s classroom teachers will work collaboratively with the homebound teacher to provide course content standards, class assignments, and other projects as dictated by the homebound instructional plan.
8. At the conclusion of the student’s homebound placement, a transition plan for the student to return to school will include a referral to the local school’s 504 team to assure all needs are met.
9. Maintaining good communication throughout the homebound placement is essential, and is a responsibility shared by the parent, school, and homebound teacher.
COMMUNICABLE DISEASES AND PARASITES
A student with a communicable or contagious disease or a parasite shall be ineligible to attend schools in the School System until such time as appropriate treatment has been administered and/or the student is declared safe to return to school by the school Principal or his/her designee.

REMOVAL FROM SCHOOL
When a student is determined to have head lice or viable nits, the student should be removed from class and the parent called to take the student home for treatment as approved by the Principal or other health official. Care should be taken by school personnel not to embarrass the student.

RETURN TO SCHOOL
The student may return to school when accompanied by the parent/guardian. The student may return to class when it has been determined by the Principal and/or his/her designee that (1) appropriate treatment has been administered, and (2) no viable nits are present (Policy: 3.80).

MENINGOCOCCAL DISEASE AND VACCINE
Meningococcal disease is a serious illness caused by bacteria. It is the leading cause of bacterial meningitis in children 2-18 years old in the United States. The bacteria that cause meningococcal disease are very common. The disease is most common in children and people with certain medical conditions that affect their immune system. The disease is spread through exchange of respiratory droplets or saliva with an infected person including kissing, coughing, sneezing, and sharing drinking glasses and eating utensils. In a few people, the bacteria overcome the body’s immune system and pass through the lining of the nose and throat into the blood stream and cause meningitis. Meningitis is a term that describes inflammation of the tissues surrounding the brain and spinal cord. Symptoms of the disease include fever, headache, stiff neck, red rash, drowsiness, nausea and vomiting. The meningococcal vaccine MCV4 is recommended for all children 11-12 years of age and for unvaccinated adolescents at high school entry (15 years of age). High school seniors should also consider obtaining the vaccine prior to entering college, especially if they are planning on living in a dormitory. Parents should consult the family physician or the local health department for more information. Information on MCV4 and other vaccine recommendations may also be obtained at www.cdc.gov/vaccines.

INFLUENZA (FLU) VACCINE (INACTIVATED OR RECOMBINANT): WHAT YOU NEED TO KNOW
Influenza (“flu”) is a contagious disease that spreads around the United States every year, usually between October and May. Flu is caused by influenza viruses, and is spread mainly by coughing, sneezing, and close contact. Anyone can get flu. Flu strikes suddenly and can last several days. Symptoms vary by age, but can include:

- fever/chills
- sore throat
- muscle aches
- fatigue
- cough
- headache
- runny or stuffy nose

Flu can also lead to pneumonia and blood infections, and cause diarrhea and seizures in children. If you have a medical condition, such as heart or lung disease, flu can make it worse. Flu is more dangerous for some people. Infants and young children, people 65 years of age and older, pregnant women, and people with certain health conditions or a weakened immune system are at greatest risk. Each year thousands of people in the United States die from flu, and many more are hospitalized.

Flu vaccine can:

- keep you from getting flu
- make flu less severe if you do get it, and
- keep you from spreading flu to your family and other people.

A dose of flu vaccine is recommended every flu season. Children 6 months through 8 years of age may need two doses during the same flu season. Everyone else needs only one dose each flu season. Consult your child’s Healthcare Provider/Pediatrician for additional information and to discuss your child's need for the Flu Vaccine.

IMMUNIZATION REQUIREMENT FOR STUDENTS ENTERING SIXTH GRADE
According to the Alabama Department of Health Immunization Division, all students (11 or 12 years of age) entering the sixth grade are required to receive a booster dose of tetanus-diphtheria toxoid and acellular pertussis vaccine prior to enrollment. This replaces the tetanus-diphtheria toxoid vaccine requirement for entry into the eleventh grade. Parents should contact the family physician or the local health department for more information. The Director of Nursing for the Tuscaloosa County School System may be contacted at (205) 342-2798.

STUDENT PREGNANCIES
A female student who is or becomes pregnant while enrolled in the schools of Tuscaloosa County School System shall notify either the counselor, the school nurse, the assistant Principal, or the Principal as soon as the pregnancy has been confirmed. In order to remain in school, a pregnant student will provide the Principal with a written statement from the attending licensed physician, including his/her recommendation concerning the advisability of school attendance of the pregnant student. If a student has difficulty in scheduling an initial appointment, a student may remain in school at the time of the appointment (not longer than six weeks) with a note from her parent or guardian who would assume liability for her attendance. The student shall provide an additional statement from her physician each four weeks verifying that she is physically able to continue her attendance in school. In no case will a pregnant student be removed from school or intentionally discriminated against solely because of pregnancy.

REGULATIONS APPLICABLE DURING SEMESTER OF DELIVERY
A pregnant student who chooses to remain in school during the semester in which she expects to deliver the child shall be governed by the same attendance policies, appeals, procedures, minimum course requirements, and code of conduct as are applicable to all other students. Some courses, such as physical education, may need accommodations.

ATTENDANCE
In order to continue a responsible relationship with the school and to maintain grades and academic standing during the time the student is out of school to deliver the child, the student should meet the following responsibilities:

1. Remain in school as long as the attending physician determines that it is medically advisable.
2. The student must complete all work assignments as may be assigned by school personnel or homebound teacher as applicable on a timely basis.
3. After the birth of the child, the student must return to school as soon as the attending physician determines that the student is able. A written statement from the student’s physician must be presented to school officials certifying that the student is able to resume normal school activities. Following delivery, a student will qualify for homebound instruction for a period of up to six weeks. If delivery complications require homebound instruction for longer than six weeks, a student is eligible to apply for homebound instruction (Policy: 4.69).
ABSENCES-ANTICIPATED TIME OF LESS THAN FOUR (4) WEEKS
If the anticipated absence from school will not extend beyond a four week period, the student must schedule a meeting with her teacher to plan a program of schoolwork assignments prepared by her teachers. It shall be the responsibility of the student to insure that a member of her family comes to the school weekly to pick up such work.

ABSENCES-ANTICIPATED TIME OF MORE THAN FOUR (4) WEEKS
If the anticipated absence from school will extend beyond a four week period, the student must meet with school officials to complete application forms and materials to qualify for Homebound Instruction. When a student is classified as “Homebound”, she must anticipate an absence from school for more than four weeks and have a statement on file from her physician verifying the illness/condition. Once a student has been approved from homebound instruction, that student is not counted absent in calculating attendance statistics. A student will be counted absent prior to the date that homebound study has been approved.

STUDENT ACCIDENT INSURANCE PROGRAM
The Board of Education provides an opportunity to purchase low-cost student accident insurance for all students enrolled in the schools of the Tuscaloosa County School System. The insurance program is a service to the students and may be participated in by all students on a voluntary basis. Nothing herein shall be construed about the adequacy of this coverage for any and all accident injuries that a student may suffer including, injuries sustained while participating in athletics. Neither the Board nor its Superintendent, Principals, teachers, coaches, or other school personnel are affiliated with the insurance provider. The Board may require a student in certain curricular or extracurricular areas to participate in the school accident insurance program or to file with the school Principal a notarized statement from the student’s parent/guardian that said student is protected adequately against accidents that may occur while participating in said activities. Insurance is also made available for all students participating in athletics sponsored by the school. The student athlete shall pay his/her own insurance. No student athlete shall be allowed to participate in practice or games prior to providing written evidence of the school-sponsored insurance plan or the notarized parental statement form as noted above (Policy: 5.81).

ABSTINENCE EDUCATION PROGRAM
A comprehensive HIV prevention and age-appropriate abstinence education curriculum has been implemented for students in grades 5-12. The selected lessons, which contain medically accurate information, encourage students to make healthy choices and to avoid risky behavior. Key components of the program include risks of teen sexual behavior; rewards of abstinence; dangers of alcohol; relationship education; refusal skills and peer pressure; character development; and building self-esteem. Parent involvement is encouraged through parent interview exercises. Parents may contact the Director of Nursing for the Tuscaloosa County School System at (205) 342-2798 for more information about the abstinence education program.

ERIN’S LAW
Governor Robert Bentley signed Erin’s Law (Act 2015-456) on June 11, 2015, which requires all K-12 public schools to establish a child sexual abuse prevention instructional program for students in Pre-K through twelfth grade.

Erin’s Law is an important piece of legislation because
- Every six minutes a child is sexually assaulted in the United States.
- One in four girls and one in six boys are sexually assaulted before age eighteen.
- Ninety-three percent of children know their abuser.
- Only one in ten sexually abused children tell someone.
- There are forty-two million sexual abuse survivors in America; three million are children.

Erin’s Law is named after childhood sexual assault survivor, author, speaker and activist Erin Meryn, who is the founder and President of Erin’s Law, which is registered with the State of Illinois and the IRS as a 501 (c)(4) non-profit social welfare organization. During her senior year in high school, Erin began her crusade to end the silence and shame around sexual abuse. The intent around Erin’s Law is to shatter the silence and stigma around child sexual abuse, and to educate children and empower them to recognize and report abuse.

Erin’s Law requires that all public schools in each state implement a prevention-oriented child sexual abuse program which teaches:
1. Students in Pre-K through twelfth grade, age-appropriate techniques to recognize child sexual abuse and tell a trusted adult.
2. School personnel all about child sexual abuse.
3. Parents and guardians explaining the warning signs of child sexual abuse. In addition, they learn about the assistance, referral and/or resource information available to support sexually abused children and their families.

Education in our schools is an effective method for empowering our children in order to prevent them from falling prey to sexual abuse or from staying silent if it does occur.

STUDENT SUICIDE PREVENTION (THE JASON FLATT ACT)
According to the Centers for Disease Control and Prevention, suicide is the tenth leading cause of death in the United States. For youth between the ages of 10 and 24, suicide is the 2nd leading cause of death and the 3rd leading cause in Alabama. The Jason Flatt Act works within a state’s requirements for in-service or Certification Training by adding youth suicide awareness and prevention as part of that state’s training for educators. The Jason Flatt Act was passed in order to equip education institutions and their personnel to recognize and act on signs of suicide risk in order to provide prevention, intervention and postvention with students at risk, their families and the communities who may be affected.

The Jason Flatt Act, which amends Section 16-28B-8 of the Code of Alabama 1975, provides that “To the extent that the legislature shall appropriate funds, or to the extent that any local board may provide funds from other sources, each school system shall implement the following standards and policies for programs in an effort to prevent student suicide”.

PREVENTION OF SUICIDE
The Jason Flatt Act was passed in order to equip Alabama school districts and their personnel to recognize and act on signs of suicide risk in order to provide prevention, intervention, and postvention with students at risk, their families and the communities who may be affected. This act includes prevention of harassment and violence. School systems will:
- Develop individual, family, and group counseling services related to suicide prevention.
- Make referral; crisis intervention, and other related information available for students, parents, and school personnel.
- Provide training for school personnel who are responsible for counseling and supervising students.
- Increase student awareness of the relationship between drug and alcohol use and suicide.
- Educate students in recognizing signs of suicidal tendencies and other facts and warning signs of suicide.
- Inform students of available community suicide prevention services.
- Support cooperative efforts between school personnel and community suicide prevention program personnel.
- Promote school - based or community - based, or both, alternative programs outside of the classroom.
- Develop strategies to assist survivors of attempted suicide, students, and school personnel in coping with the issues relating to attempted suicide, suicide, the death of a student, and healing.
• Engage in any other program or activity which the local board determines is appropriate and prudent in the efforts of the school system to prevent student suicide.
• Provide training for school employees and volunteers who have significant contact with students on the local board policies to prevent harassment, intimidation, and threats of violence.
• Educate and empower students on how to prevent suicide, harassment, intimidation, violence and threats of violence.
• Provide annual training for all certified employees in suicide awareness and prevention. This training may be provided within the framework of existing in-service training programs or as a part of required professional development offered by the local school system.

DESCRIPTION OF BEHAVIOR EXPECTED OF STUDENTS
Students are expected to treat other students with courtesy, respect, and dignity and comply with the Code of Student Conduct. Students are expected and required to:
• comply with the requirements of the law, policies, regulation(s), and rules prohibiting harassment, violence, or intimidation and
• to comply with the system’s prevention strategies related to suicide prevention, intervention, and postvention support.

RESPONSIBILITY OF REPORTING
Any person involved in a cause of action or omission resulting from the implementation of this suicide prevention policy or resulting from any training, or lack thereof, required by this section, shall be subject to state immunity law.

PROMULGATION OF POLICY AND RELATED PROCEDURES, RULES AND FORMS
This policy and any procedures and rules developed and approved to implement the policy will be published, disseminated, and made available to students, parents and legal guardians, and employees by such means and methods as are customary used for such purposes, including publication on the school system’s website. (Policy 5.83)

FIELD TRIPS
Field trips are extensions of classroom instruction and provide worthwhile learning opportunities for students to participate in unique and enriching educational experiences. School administrators and teachers shall develop systematic procedures for ensuring that all trips away from the school provide optimal learning opportunities for students.

The following minimal procedures shall be adhered to when conducting field trips and excursions away from school:
• Students shall be expected to exhibit good behavior and shall be subject to the same Student Code of Conduct applicable to regular classroom activities.
• Students must have a Field Trip Parental Permission form signed by their parents/guardians on file with school officials prior to departing on each school-sponsored field trip, except that a “blanket” permission form will be applicable for such trips that are scheduled in advance and on specific dates (i.e., athletic events, etc.). Students not submitting a signed permission form SHALL NOT be permitted to participate in such activity (Policy: 4.43).
• Students are expected to travel to and from field trip destinations with the school unless the parent/guardian has made prior arrangements with the principal. If prior arrangements have been made, a student may be released to his/her parents/guardians OR those persons listed on the student’s written emergency contact list, maintained by the school. Check out procedures for the local school will be followed.

COMPREHENSIVE SAFE SCHOOL/CRISSIS MANAGEMENT PLAN
All schools in the Tuscaloosa County School System, with the assistance of the Alabama State Department of Education, the Tuscaloosa County Sheriff’s Department, the Tuscaloosa County Emergency Management Agency, and other community agencies, have provided contingency plans to enable their staff members to manage a crisis situation and minimize the negative effects. We are dedicated to providing schools that have a strong academic focus in which safety and order are expected. All staff, students, parents, and members of the community must be a part of creating a safe school environment.

FIRE DRILLS
Fire drills are conducted in all schools throughout the school year. Fire exit plans are posted in each school in all rooms.

LOCKDOWN DRILLS
Lockdown drills are conducted in all schools throughout the school year. Procedures for lockdown drills are developed and conducted in accordance with local and state guidelines.

TORNADO DRILLS
Tornado drills are conducted in all schools throughout the school year. Procedures for tornado drills are developed and conducted in accordance with local Emergency Management Agency (EMA) guidelines.

THUNDERSTORM/TORNADO WATCH
In the event a thunderstorm watch or a tornado watch is issued for areas in which a school of the school system is located, the Principal or his/her designees of that school shall take all actions as specified in the approved EMA Plan. When a thunderstorm watch or a tornado watch is in effect at the conclusion of the normal school day, students will be released via regular dismissal and transportation plans.

THUNDERSTORM/TORNADO WARNING
In the event a thunderstorm warning or a tornado warning is issued for areas in which a school of the school system is located, the Principal or his/her designees of that school shall take all actions as specified in the approved EMA Plan. Under a thunderstorm warning or a tornado warning, students shall NOT be released via regular transportation plans (i.e., car pools, private vehicles, etc.) provided the warning is in effect at the time set for concluding normal school day activities, except that a student may be released during a thunderstorm warning or tornado warning ONLY to his/her parents/guardians OR those persons listed on the student’s written emergency contact list, maintained by the school, provided said authorized persons come to the school and assume custody of the child.
ACHIEVING STARTS WITH BELIEVING

ASBESTOS MANAGEMENT PLAN
In compliance with Title II, Section 206, of the Toxic Substance Control Act of the United States, each school is required to have on file an Asbestos Management Plan. This plan is located in the school office and is available for review upon request.
EDUCATIONAL PHILOSOPHY
The Board subscribes to the premise that the central purpose of public school education is to provide each student the opportunity to develop to his/her maximum potential. To this end, the Board will encourage the development and implementation of educational programs that will educate the total student: mentally, physically, socially, emotionally, culturally, and morally. Thus, the guiding philosophical tenet of the Board in instructionally related matters will be to operate educational programs in which each student will have the opportunity to learn and to grow based on his/her abilities, interests, and motivation. The Board understands that, though all students will not learn all things equally well, all should have an equal opportunity in the pursuit of education; thus, the Board will make every attempt to balance the school system’s educational programs for the varied interests and needs of all students and to provide the appropriate courses required by law and by the State Board of Education policies and resolutions.

The Board maintains that curriculum development should be a continuous process that reflects the assessed needs of students in the Tuscaloosa County School System and should be based on current educational practices validated by research. The Superintendent or designee(s) shall be responsible for coordinating and maintaining the instructional program in accordance with the provisions of the State Constitution, State statutes, resolutions of the State Board of Education, and policies of the Board.

CAREER CLUSTERS, PATHWAYS, AND COURSEWORK

Career clusters in Alabama’s curriculum include courses that identify academic and technical knowledge and skills needed for students to pursue a wide range of career opportunities. Courses provide rigor and relevance for students by linking school-based learning with career-related experiences. Career clusters provide the framework for what students need to know and be able to do. The sixteen clusters are agriculture, food, and natural resources; architecture and construction; arts, audio-visual technology, and communications; business management and administration; education and training; finance, government and public administration; health science; hospitality and tourism; human services; information technology; law, public safety, corrections, and security; manufacturing; marketing; science, technology, engineering, and mathematics; and transportation, distribution, and logistics.

In Tuscaloosa County, career exploration begins in kindergarten and continues through students’ senior year in high school. Students must ride on the bus transportation that is provided for transporting students taking career technical education courses taught at all school sites. For some career technical courses, such as Work-Based Learning/COOP and/or courses that involve leaving the school campus to participate/enroll in a learning environment with business/industry, students must provide their own transportation.

All students who are employed through the Work-Based Learning/COOP Programs and/or leave the school campus to participate/enroll in a learning environment with business/industry must be prepared to adhere to industry required/OSHA standards or drug testing.
PROMOTION, EARNING CREDITS, AND GRADING

PROMOTION AND RETENTION POLICY (GRADES K-5)
The process for making decisions about promotion and retention of elementary students should take into consideration a variety of factors including age, maturity, motor coordination, capacity for learning, and academic progress. The decision-making process should involve the Principal and teacher(s) with the Authority for Determining Promotion and Retention Resting Entirely with the Teacher(s) and Principal, except that a kindergarten student may be retained only upon approval/agreement of the student’s parents/guardians. If a student needs to be retained based on the teacher’s opinion of the student’s academic performance and/or other factors, the parents/guardians of that student should be informed as early in the school year as possible. In all cases, the decision of whether a student should be promoted or retained shall be made on the basis of which grade placement provides the student a better chance of progressing in his/her educational development.

PROMOTION AND RETENTION POLICY (GRADES 6-8)
Students in grades 6, 7, and 8 must pass all four courses/subjects (English, mathematics, science, and social studies) and one additional subject. Students who do not pass the required courses/subjects each year will be retained at their current grade level with the following exceptions:

1. Students who do not meet the established criteria for promotion may be retained one time in grades 6-8 if the student has been previously retained in grades K-5.
2. Students who do not meet the established criteria for promotion may be retained twice in grades 6-8 if the student has not been previously retained in grades K-5.
3. A student should not be retained in middle school if the student will reach his/her sixteenth birthday during the following academic year.

Students will be provided an opportunity to recover up to two courses/subjects during a summer program. Students who do not pass the required core courses/subjects for promotion are strongly encouraged to attend the summer program to pass the required course(s) for promotion. Students may be promoted only at the end of the school year or after attending the summer program. No students will be promoted at midyear.

PROMOTION AND RETENTION POLICY (GRADES 9-12)
Students must earn the minimum number of Carnegie units (credits) necessary for grade placement above grade 9 as indicated below:

PROMOTION OF SPECIAL EDUCATION STUDENTS
Promotion of any student in a special education program with the exception of gifted students must be based on the student’s accomplishments of goals stated in the Individualized Education Program in conjunction with all other regular program requirements. However, a special education student (except gifted) may not be placed at any grade level unless the student has attended school for a commensurate number of years equal to the proposed grade placement; that is, for a special education student to be placed at the sixth-grade level, he/she must have been enrolled in school for at least 5 years (Policy: 5.26).

HIGH SCHOOL EARLY EXIT/EARLY GRADUATION
Only at the end of the first term of the senior year, but no earlier than the student’s 17th birthday*, may a student choose to graduate from high school early if the following criteria are met:

1. The High School Early Exit/Early Graduation application form must be completed and on file at the school. The student must complete Section I of the form by the end of the junior year and return it to his/her counselor. Application forms are available from the high school counselor(s) or online at www.tcss.net.
2. The student must meet all graduation requirements.
3. The student must have completed all coursework through one or a combination of the following three methods:
   - Dual enrollment with Bevill State Community College, Shelton State Community College, and/or the University of Alabama
   - Credit acceleration
   - Courses on the high school campus during the regular school day
4. The student must provide to the counselor one of the following documents before exiting high school:
   - Letter of acceptance to a postsecondary institution OR
   - Letter of acceptance to the military OR
   - Letter from employer verifying employment in the workplace.

The following guidelines should be considered as students and parents think through the High School Early Exit opportunity.

- Following the completion of Section IV of the High School Early Exit/Early Graduation application form, the student will be considered an alumnus, and therefore, will not be permitted to participate in any extracurricular activities or re-enroll in high school.
- Students who exit early may attend prom and participate in the graduation ceremony. It is the responsibility of the student to know all deadlines and expectations for prom and graduation.
- Students who exit early will not be eligible for valedictorian or salutatorian. In addition, no high school master schedules will be adjusted to accommodate a student who wishes to exit early.

*Every child between the ages of six and seventeen years shall be required to enroll in school and to attend for the entire length of each scholastic year.
CREDIT IMPROVEMENT (GRADES 9-12)
Credit improvement allows students who may need or want to take a course for additional credit an opportunity to do so. Students may attempt credit improvement through advancing credit, obtaining credit, recovering credit and/or repeating credit. The alternative academic and administrative options at GRAD Academy, GRAD Academy at Project BETHEL, Alternative School, and SPAN and the TCSS Homewood Education also utilize credit improvement opportunities for the students.

Admission and eligibility requirements of various organizations are subject to change, and it is the student’s responsibility to consult with outside organizations such as universities, the AHSAA, NCAA, etc. to determine how credits earned through credit improvement (advancing credit, obtaining credit, recovering credit and repeating credit) might affect eligibility, admissions, or status.

A credit improvement application is required for participation. The application may be requested from the school. The application must be signed by the parent or guardian, the student, the high school counselor or administrator.

Credit improvement incorporates the use of technology and curriculum provided through one or a combination of the following:

- ACCESS (Alabama Connecting Classrooms, Educations and Students Statewide) Virtual Learning – For more specific information, students should contact their school counselors or visit the ACCESS Virtual Learning website at http://accessdl.state.al.us/

  NOTE: The NCAA reviews ACCESS courses. The list of courses may be found at www.eligibilitycenter.org. The six-digit CEEB/ACT Code for ACCESS Virtual Learning is 011919.

- Credit Recovery/Credit Advancement courses available through ACCESS, are NOT accepted by the NCAA for eligibility purposes.

- A+NYWHERE (An) Learning System – An is provided by the Tuscaloosa County School System. None of the courses offered through A+NYWHERE Learning Systems are approved by NCAA.

- CORRESPONDENCE/INDEPENDENT STUDY – Students in grades 9-12 may be approved to take correspondence or independent study courses for credit. Such courses must be offered through institutions recognized by the Alabama State Department of Education or from institutions accredited by a national accrediting agency recognized by the U.S. Office of Education. Prior written approval for each correspondence/independent study course must be granted by the school Principal. Correspondence work may be taken only when the curricular offerings deny a student a course he/she particularly needs. It is the student’s responsibility to consult with outside organizations such as universities, the AHSAA, NCAA, etc. to determine how credits earned through correspondence/independent study might affect eligibility, admissions, or status.

- DUAL ENROLLMENT - Dual enrollment allows eligible high school students to credit for a college course on both their high school and college transcripts.

CREDIT ACCELERATION – ADVANCING CREDIT
This program allows students who already know most of the standards taught in a particular course and who are not currently enrolled in the course to prove mastery of course content by successfully completing a pretest and posttest in that subject. Students may attempt credit advancement in math, English, science (excluding biology, physical science and chemistry as directed by the ALIDE), social studies and elective classes.

The tests used for credit advancement are locally approved computer-based or paper-pencil exams. Students interested in attempting credit advancement should contact their high school’s academic advisor to schedule an appointment. All computer-based credit advancement exams will be given on an electronic device at the high school. Both computer-based and paper-pencil exams will be proctored by the principal’s designee at the high school. There is no fee to participate in credit advancement.

Parent permission is required to participate in credit advancement. The permission form may be obtained from each high school. This form must be signed by the parent or guardian, the student, the high school counselor, and high school principal.

Credit advancement exams can be taken within the first five days of each semester, the last ten days of each semester, and during the month of June. Students attempting credit advancement will take a pretest for the course. If the student earns at least an 80 on the pretest, then he/she will take a comprehensive posttest. The student will need to schedule an appointment to take the posttest. The posttest must be taken within one week of the results of the pretest being released to the student. Students are permitted to take the posttest on the same day as the pretest if an appointment to do so is available. If the student makes at least an 80 on the posttest, then he/she will receive credit for the course. The final grade earned on the pretest and the posttest will be averaged. The numeric average will serve as the final grade and will be posted directly to the transcript in a separate column indicating that the credit was earned through credit advancement. Credit advancement courses are not weighted. If the student earns below an 80 on the pretest, then he/she is not eligible to take the posttest or to receive credit for the course.

There is no limit on the number of credits that a student can earn through credit advancement; however, students will be permitted to attempt credit advancement only one time per course. All rising ninth grade through twelfth grade Tuscaloosa County School System students are eligible to attempt credit advancement.

Any credit obtained for a course through this program is not approved by NCAA.

CREDIT ACCELERATION – OBTAINING CREDIT
Students who may need or want to take a course for additional credit may participate in this program. Students can attempt credit obligation in math, English, science, social studies and elective classes. Unlike credit advancement, students will take the course in its entirety; therefore, a pretest will not be administered. Credit attainment is an alternative to the traditional approach to course completion. Using this program, students must take the entire course and the course is not weighted. There is not a limit on the number of credits that a student can earn through this program.

Students eligible for credit obligation will:
- Be a transfer student whose deficit in the required credit(s) is due to failure of the course OR
- Be a student who exhibits the desire to earn more than the traditional credits allotted in the school year

Whether or not a credit obtained for a course through this program is approved by NCAA depends on how the instruction is provided. For example, a course taken through ACCESS Virtual Learning is approved by NCAA, but a course taken through A+NYWHERE Learning Systems is currently not approved by NCAA.

RECOVERING CREDIT
In accordance with guidelines established by the Alabama State Department of Education, the Tuscaloosa County School System offers students who have received failing grades in courses that are required for graduation an opportunity to recover the lost credit through a standards-based approach that will target specific knowledge and skill deficits instead of requiring students to repeat the entire course.

In order to be accepted students will:
- Have an overall average of 40-59 in the course they seek to recover credit;
- Only complete the standards from the course that caused them to fail. The identification of the standards that caused the student to fail is performed through a computer-based course and skill-specific diagnostic tool. This prevents the student from having to redo the entire course and allows them to recover the lost credit in a much shorter time frame;
- Provide their own transportation to course and skill based on their overall average B (86-89) or C (70-85) for each semester during the month of June;
- Pay $100.00 course fee (NOTE: Fees are subject to change.)

The maximum grade a student can receive in Credit Recovery is a 60. The original failing grade shall stay on the permanent record and be included in computing the student’s overall Grade Point Average. The credit recovery grade shall be included in computing the student’s overall Grade Point Average.

Transfer students from non-AdvancED accredited schools who fail the validation tests with a score of 40-59 for any core courses are also eligible for Credit Recovery.

Any credit obtained for a course through this program is not approved by NCAA.
REPEATING CREDIT
This program is primarily for those students who made less than a 40 in the class they failed. Using this program, students must retake the entire course. Instruction may be provided traditionally or non-traditionally. Also, students who are eligible for Credit Recovery, but want to try and achieve higher than a 60 on their transcript for a course they failed may choose this option because students will be expected to complete all objectives from the course they failed.

Whether or not a credit obtained for a course through this program is approved by NCAA depends on how the instruction is provided. For example, a course taken through ACCESS Virtual Learning is approved by NCAA, but a course taken through the A+NYWHERE Learning System is currently not approved by NCAA.

VIRTUAL LEARNING PROGRAM
Through the TCSS Virtual Learning Program, the Tuscaloosa County School System provides students in grades 9-12 the option to complete courses by way of an online, virtual platform through ACCESS Virtual Learning. The virtual courses, which align with the Alabama College and Career Ready Standards, offer students the benefits of time, flexibility and program customization. Students who utilize the virtual program also assume increased responsibility in personal time management, organization, self-direction, and personal discipline to complete course and school requirements. Click here for a direct link to the TCSS Virtual Learning Program. The link may also be found at www.tcss.net. (Policy 4.88)

Evaluation Procedures for students in grades K-2 (primary grades) shall reflect developmentally appropriate practice and the understanding that the time required for mastery of basic skills may vary due to many developmental factors. Therefore, Primary Progress Reports indicating the degree of mastery of identified skills and academic content shall be issued to students in grades K, 1 and 2. Letter grades shall not be assigned to students in grades K, 1 and 2.

REQUIRED AND OPTIONAL EXAMINATIONS

REQUIRED EXAMINATIONS – SCHOOL GENERATED

The periodic use of teacher-made examinations assists school system personnel in evaluating student learning and achievement and provides a means for assessing the effectiveness of the teaching-learning process in the schools. Hence, the Board encourages teachers to ensure that students are provided with meaningful opportunities to engage in the preparation for and completion of comprehensive examinations.

Comprehensive exams must be administered at the end of each nine-week grading period in all courses. Comprehensive exams may not be given early.

The grade earned on each comprehensive nine-week exam (excluding the comprehensive final exam administered during the conclusion of the last nine-weeks of a course) shall be used in calculating each nine-week grade. The weight assigned to each comprehensive nine-week exam will be determined by the teacher of the course and will not exceed 20% of the nine-week grade.

REQUIRED EXAMINATIONS – SYSTEM AND STATE GENERATED

In addition to the exams administered by the teachers of the course, the Tuscaloosa County School System administers formative and benchmark assessments. In addition, the Tuscaloosa County School System administers all summative assessments mandated by the Alabama State Department of Education.

Civics Test (Grade 12)

According to Senate Bill 32, all Alabama graduating seniors must pass the new Civics test. The locally developed Civics test must use items that are published annually by the United States Citizenship and Immigration Services (USCIS) – along with state and local history, government, and geography components of the high school curriculum.

Two assessments required by the Alabama State Department of Education to help systems determine students’ college and career readiness are the ACT plus Writing and the ACT WorkKeys.

ACT plus Writing (Grade 11)

Eleventh grade students in the Tuscaloosa County School System take the ACT plus Writing in April. This provides all students one opportunity to test at their local school free of charge. The ACT plus Writing assessment contains four curriculum-based tests that measure academic achievement in English, mathematics, reading, and science reasoning. The assessment measures academic development based upon a student’s skills in applying content knowledge and reasoning skills acquired in his or her course work. ACT plus Writing is an assessment used for college admission. More information, including additional testing dates and sample test questions, may be found at www.act.org.
In addition, the Alabama State Department of Education provides all high school students, free of charge, ACT’s online prep program. This online service provides students with practice tests with real ACT test questions, practice essays for the ACT Writing Test (with real-time scoring), comprehensive content review for each of the ACT’s four required tests—English, Math, Reading, and Science, a diagnostic test and a personalized study plan. The website to access this program is www.actonlineprep.org. Further information may be obtained for your school.

ACT Fee Waivers for National Test Dates
Students testing on a national test date and who cannot afford the registration fee for the ACT or ACT with writing, may be eligible for an ACT Fee Waiver.

Students must meet all of the following requirements:
1. Currently enrolled in high school in the 11th or 12th grade.
2. Either a United States citizen or testing in the US, US territories, or Puerto Rico.
3. Meet one or more indicators of economic need listed on the ACT Fee Waiver form.

Eligible students may use a maximum of two separate fee waivers total. The waiver is used once students register, even if they do not test on the requested test date.

ACT WorkKeys (Grade 12)
Twelfth grade students in the Tuscaloosa County School System will take the ACT WorkKeys. ACT WorkKeys is a job skills assessment system that helps employers select, hire, train, develop, and retain a high-performance workforce. As part of ACT’s Work Readiness System, ACT WorkKeys has helped students build their skills to increase global competitiveness and develop successful career pathways. Successful completion of ACT WorkKeys assessments in Applied Mathematics, Locating Information, and Reading for Information can lead to earning ACT’s National Career Readiness Certificate (NCRC), a portable credential. In addition, the Alabama State Department of Education provides all high school students, free of charge, ACT KeyTrain. This complete interactive online training system is designed to help users reach foundational career readiness, enhance users’ cognitive skills, and offer introductory models based on the National Career Clusters Framework. The courses are based on the same skills and skill progressions found in the ACT WorkKeys assessment system.

OPTIONAL COLLEGE AND CAREER READINESS EXAMINATIONS

PSAT – National Merit Scholarship Qualifying Test
The Preliminary SAT (PSAT) is the National Merit Scholarship Qualifying Test (NMSQT) that measures critical reading skills, math problem-solving skills, and writing skills. By taking the PSAT, students can become familiar with the SAT and see how their scores on a college entrance exam compare nationally with other students applying to college. Students in 9th through 10th grade may take the test for practice. Students must test during their junior year to be considered for National Merit Scholarships. Being selected as a National Merit Scholar is one of the highest academic honors that a student may earn. The anticipated national test date for the 2018-2019 school year is Wednesday, October 10, 2018. Students must register with their school counselors at least six weeks prior to the test date. Payment is required at the time the student registers for the test. More information about PSAT, including sample test questions, can be found at www.collegeboard.org.

PSAT 8/9
The PSAT 8/9 is a test that helps students and their teachers figure out what the students need to work on most so that they are ready for college when they graduate from high school. It tests the same skills and knowledge as the SAT, PSAT/NMSQT, and PSAT 10 — in a way that makes sense for their grade level. Schools choose a Fall date between late September 2018 and late January 2019 or a Spring date between late February 2019 and early March 2019. The PSAT 8/9 establishes a baseline measurement of the students’ college and career readiness as they enter high school. It also gives students a chance to preview the SAT, PSAT/NMSQT, and PSAT 10 and connect to AP courses. When students get their test results, they may connect their College Board and Khan Academy accounts to get free personalized study recommendations. The test results for students in ninth grade will let them know if they should consider taking AP European History.

SAT and SAT Subject Tests
The SAT and SAT Subject Tests are a set of tools designed to assess student’s academic readiness for college. More information about the SAT and SAT Subject Tests, including sample test questions, may be found at www.collegeboard.org.

ASVAB
The Armed Services Vocational Aptitude Battery (ASVAB) is a multiple-aptitude battery that measures developed abilities and helps predict future academic and occupational success in the military. More information about the ASVAB, including sample test questions, may be found at www.official-asvab.com.

DIGITAL DEVICE POLICY IN A STANDARDIZED TESTING SETTING

The possession of a digital device (including but not limited to cell phones, MP3 players, cameras, or other telecommunication devices capable of capturing or relaying information) is strictly prohibited during the administration of a secure test. If a student is observed in possession of a digital device during the administration of a secure test, the device will be confiscated and is subject to search, the student will be dismissed from testing, and the student’s test will be invalidated. Additional disciplinary action may be taken by the school system.

GUIDELINES FOR THE SEARCH OF DIGITAL DEVICE SEIZED DURING THE ADMINISTRATION OF A SECURE TEST:

- Assuming that a student is observed in the possession of or use of a digital device during the administration of a secure test, the device will be confiscated by the test administrator. “Smart phones” should temporarily be turned off to help prevent any remote-access data-wipe.
- The test administrator should deliver the device as soon as practicable to a school administrator.
- A “chain of custody” list should be kept to record everyone who had possession of the device and when the device was transferred to someone else. The device should be stored by the school administrator in a secure location until the next step is taken.
- For the purposes of determining whether a search of a digital device should take place, the school administrator should:
  - o Learn the facts regarding the seizure of the device from the test administrator, and
  - o Determine whether it is reasonable under all the circumstances to believe that the student could have been using the device to cheat or for some other unpermitted purpose.
- If the school administrator determines that the student was merely in possession of the digital device then it may be returned to the student in accordance with the Tuscaloosa County School System’s procedure.
- If the school administrator believes that it is reasonable to suspect that the student was using the device for an impermissible purpose then he or she may search the device, limiting the search to only what is necessary to reasonably determine whether the student was cheating, copying secure test information, or violating a school rule.
- The school administrator should follow the local policy requirements regarding the search of student property.
- If no wrongful activity is discovered on the device then it may be returned to the student in accordance with the Tuscaloosa County School System’s procedure.
- If wrongful activity is discovered on the device regarding the test at issue or, if other wrongful activity is inadvertently discovered on the device, then the school administrator should secure the device by storing it in a locked and secure location, then notify the Director of Assessment or Superintendent as appropriate.

- Following a search in which wrongful activity is discovered, and when the device is a “smart phone,” the device should be turned off after the search to help prevent a potential remote-access data-wipe.
- Any disciplinary actions should be taken in accordance with the school system’s disciplinary policy.
- Test irregularity reports should be completed in accordance with the Alabama State Department of Education’s student assessment handbook.
RESPECTIBILITY FOR TEXTBOOKS AND SCHOOL PROVIDED TECHNOLOGY

All textbooks and electronic devices (i.e., e-readers, laptops, etc.) that are furnished free of charge to all students are the property of the State of Alabama and/or the Board. A receipt shall be signed by each student upon textbook issuance by school officials. Parents-guardians are responsible for every free textbook and other materials issued to their children. Parents-guardians of any student to whom free textbooks, electronic devices or other materials are issued shall be held liable for any loss, abuse, or damage in excess of which would result from normal use of such textbooks and materials.

RESPONSE TO INSTRUCTION (RTI) AND PROBLEM SOLVING TEAMS (PSTs)
The purpose of Response to Instruction (RTI) is to improve educational outcomes for all students. Specifically, RTI provides early intervention to struggling learners in general education settings. RTI provides a continuum of evidence-based, tiered interventions with increasing levels of intensity and duration. The central components of RTI provide procedures that will assist Problem Solving Teams (PSTs) in their team meetings, data collection, and monitoring of a student’s response to instruction. Response to Instruction is defined as an instructional framework that promotes self-determination if the student qualifies for gifted services; supplemental, and special education services in providing high quality, standards-based instruction and intervention that is matched to students’ academic, social emotional, and behavioral needs. RTI combines core instruction, assessment, and intervention within a multi-tiered system to increase student achievement and reduce behavior problems (ALSDE, 2009).

CHILD FIND – SPECIAL EDUCATION SERVICES
The Individuals with Disabilities Education Act requires all school districts serving children with disabilities to develop and implement procedures that ensure that all children within their jurisdiction, birth to twenty-one, regardless of the severity of their disability, and who need special education and related services are identified, located, and evaluated. Child Find also applies to children with disabilities who attend private schools, including children attending religious schools, within the district’s jurisdiction, highly mobile children with disabilities (e.g., migrant children), homeless children, or children who are wards of the State, and children who are suspected of having a disability and are in need of special education, even though they have not failed, been retained in a course or grade or are advancing from grade to grade. If your child is birth-five and you suspect your child has a disability and may require special education services, please contact the Tuscaloosa County Special Education Department at (205) 342-2775. If you suspect your school age child has a disability and may require Special Education services, please contact your child’s local school.

GIFTED SERVICES
Intellectually gifted children and youth are those who perform or who have demonstrated the potential to perform at high levels in academic or creative fields when compared with others of their age, experience, or environment. These children and youth require services not ordinarily provided by the regular school program. Children and youth possessing these abilities can be found in all populations across all economic strata and in all areas of human endeavor. A student may be referred and considered for gifted services by school personnel, parents/guardians, or self. All second grade students will be observed as potential gifted referrals using a gifted behavior checklist. For each student referral, information is gathered in the following three areas:

- **Aptitude** – Aptitude is assessed through an individual or group test of intelligence or creativity.
- **Characteristics** – A behavior rating scale designed to assess gifted behaviors is completed.
- **Performance** – At least three indicators of performance at a gifted level must be evaluated. These may include, but are not limited to, achievement test scores, grades, products, work samples, and/or portfolios.

The scores from the assessments used are entered on a matrix where points are assigned according to criteria established by the Alabama State Department of Education. The total number of points received determines if the student qualifies for gifted services.

Gifted services for elementary students in grades K-2 in the Tuscaloosa County School System consist of regular classroom accommodations with consultation from a gifted teacher. The general education teacher will consult with the gifted teacher for differentiation to meet the special needs of gifted students. Gifted services for elementary students in grades 3-5 in the Tuscaloosa County School System will be school-based. Pullout services will be provided by certified teachers in gifted education for a minimum of 3 hours per week.

During the 2018-2019 academic year, sixth grade students who have been identified as gifted will have the opportunity to continue in the GATE program through the Creative Expressions 6-GATE course. This course will explore a variety of rigorous and creative critical-thinking topics and activities, including robotics, coding, and engineering, as well as the arts and humanities. Gifted services will be provided through the Academic Scholars Program for students in the seventh through eighth grades. Consultation will be provided by a gifted teacher.

Gifted services for high school students in the Tuscaloosa County School System are student selected and may include any or all of the following: dual enrollment or early admission, advanced level classes, honors/AP courses, Advanced Placement (AP) courses, independent study, and cooperative educational placements.

For more information about gifted services for students in the Tuscaloosa County School System, please contact any school Principal, the Coordinator of Elementary Special Education at (205) 342-2758, the Coordinator of Secondary Special Education at (205) 342-2728, or the Director of Special Education at (205) 342-2789.

SPECIAL EDUCATION SERVICES
Special education services are provided for exceptional students in accordance with the federal and state mandates concerning education for students with disabilities. Procedures for evaluation and eligibility are provided to each school within the system. CHILD FIND – SECTION 504 SERVICES
The Tuscaloosa County School System has a duty to locate, evaluate and identify any child residing in the district who qualifies for Section 504 accommodations or services. Children eligible for Section 504 accommodations or services include those children who have a physical or mental impairment that substantially limits a major life activity. If you suspect your child has a disability and may require Section 504 accommodations, or if you would like additional information, please contact your child’s teacher or call the Director of Student Services at (205) 342-2754.
SECTION 504 OF THE REHABILITATION ACT OF 1973

The intent of the law is to keep students and parents fully informed concerning decisions about identification and placement and to inform students and parents of their rights. The Director of Student Services is the Section 504 Coordinator for the Tuscaloosa County School System and is responsible for assuring that the school system complies with requirements outlined in Section 504 concerning students with disabilities. Under Section 504 of the Rehabilitation Act of 1973, students with qualifying disabilities have the right to receive a free appropriate public education, which includes the right to an education with students without disabilities to the maximum extent appropriate.

In particular, the enabling regulations for Section 504, as set out in 34 CFR Part 104, provide parents and/or students with the following rights:

- Your child has the right to an appropriate education in the least restrictive environment that is designed to meet his/her individual education needs as adequately as the needs of nondisabled students are met.
- Your child has the right to free educational services, except for those fees that are imposed on nondisabled students or their parents. Insurers and similar third parties are not relieved from an otherwise valid obligation to provide or pay for services provided to a disabled student.
- Your child has a right to nondiscrimination and to facilities, services, and activities that are comparable to those provided for nondisabled students.
- Your child has a right to an evaluation prior to an initial Section 504 placement and any subsequent significant change of placement.
- Placement decisions must be made by a group of persons (i.e., the Section 504 committee), including persons knowledgeable about your child, the meaning of the evaluation data, the placement options, and the legal requirements for least restrictive environment and comparable facilities.
- Your child has the right to appeal the initial Section 504 committee's decision regarding the identification, evaluation, or placement of your child upon request.
- You have the right to an impartial hearing with respect to the District's actions regarding your child's identification, evaluation, or educational placement. You have the right to participate and be represented by an attorney at your expense.
- You have the right to obtain copies of your child's educational records at a reasonable cost unless the fee would effectively deny you access to the records.
- You have the right to receive a response from the school district to reasonable requests for explanations and interpretations of your child's records.
- You have the right to request amendment of your child's educational records if there is reasonable cause to believe that they are inaccurate, misleading, or otherwise in violation of the privacy rights of your child.
- You may challenge the actions of the District's Section 504 Committee in regard to your child's identification, evaluation, or educational placement, by filing a complaint with the District's Section 504 Coordinator within 30 calendar days from the time you received written notice of the Section 504 Committee's action(s). A due process hearing will be scheduled before an impartial hearing officer and you will be notified in writing of the date, time, and place for the hearing. You have the right to participate in the hearing and to be represented by counsel if you choose. If you disagree with the decision of the impartial hearing officer, you have the right to request a review of the decision in a court of competent jurisdiction.
- On Section 504 matters other than your child's identification, evaluation, and/or placement, you likewise have a right to file a complaint with the District's Section 504 Coordinator, who will investigate the allegations to the extent warranted by the nature of the complaint in an effort to reach a prompt and equitable resolution.

ENRICHMENT PROGRAMS

The Tuscaloosa County School System expands the learning options available to intellectually gifted and highly motivated students by offering additional opportunities for creative and analytical educational experiences. These opportunities include the Academic Scholars Program, advanced level classes, honors/pre-AP courses, and Advanced Placement (AP) courses electives, and Early Admission/Dual Enrollment College Credit Programs.

The high school students are served through advanced level courses. The curriculum requirements of the Alabama High School Diploma with Academic Distinction (graduating classes of 2019 and beyond) offer exciting options for students who want, and need, the most challenging courses available. Academically talented students may take college-level courses for college credit upon recommendation. Some college-bound students may choose to take these courses as an intensive preparation for college work. Advanced Placement examinations are provided for students whose goal is college credit. Examination results are sent to individual colleges or universities for use in determining student placement. Dual enrollment and dual credit opportunities are available to eligible senior high students. High school students with special talents in fine arts, sports, leadership, or other areas may select from among a variety of elective courses according to their individual needs and preferences.

COLLEGE-LEVEL COURSES – ADVANCED PLACEMENT (AP) AND HONORS/PRE-AP

Advanced Placement (AP) and honors/pre-Advanced Placement (honors/pre-AP) coursework provides students with an opportunity for learning that goes beyond just the facts and figures. The rich course material, classroom discussions, and demanding assignments typical of AP and honors/pre-AP courses will help students develop the content mastery and critical thinking skills expected of college students. AP and honors/pre-AP courses help students improve their writing skills, sharpen problem-solving abilities, and develop time management skills. Additionally, by participating in AP, students have the opportunity to earn college credit and to stand out in the college admission process.

Students who choose honors/pre-AP and AP coursework can expect the following:

- Significantly increased rigor – content is covered much more extensively
- Additional outside class responsibilities – increased homework, reading, research, study, and participation in study groups (which will meet outside school hours)
- Frequent writing assignments – essays, research papers, etc.
- Additional resources required – calculators, outside reading materials, etc.
- Testing in a timed AP format
- AP testing fees – amount varies based on grant fund availability
- Weighted GPA credit (1 point for AP courses and .5 point for honors/pre-AP). Students are required to take a comprehensive final exam in each Pre-AP course to receive the weighted credit and are required to take the National AP Exam in each AP course to receive the weighted credit.
- Students and parents should carefully weigh the unique demands of the honors/pre-AP and AP coursework with the student's demonstrated ability, extracurricular obligations, motivation, and work ethic to determine whether or not the honors/pre-AP coursework is the right course choice. Additional information about the AP program can be found at www.collegeboard.com.
- If an AP student commits a Class III offense and is assigned to an alternative academic administrative option (GRAD – Project BETHEL – SPAN), the student will be given the opportunity to take an AP course through ACCESS Virtual Learning. If the student chooses this option, he/she will be expected to finish the AP course through ACCESS Virtual Learning, even upon returning to his/her respective school. For any fall semester two nine-weeks AP course, this option is not available after October 1st. For any four nine weeks AP course or any spring semester two-nine weeks AP course, this option is not available after March 1st. Students will bear the cost of ACCESS Virtual Learning AP courses.
COLLEGE-LEVEL COURSES – DUAL ENROLLMENT

Dual enrollment for dual credit is an enrichment opportunity allowing high school students to earn high school and college credits taken through a post-secondary institution while still enrolled in high school. The Tuscaloosa County School System has a dual enrollment agreement with Bevill State Community College, Shelton State Community College and UA Early College.

COLLEGE-LEVEL COURSES – ACCELERATED HIGH SCHOOL/CONCURRENT ENROLLMENT

ACCELERATED HIGH SCHOOL: Opportunities exist for students who may benefit from enrollment in higher education institutions prior to graduation from high school. If approved for early admission, a student may enroll, with the permission of the principal, in college-level courses that provide enrichment or accelerated learning. In order to enroll in academic courses, the student must have an overall 3.0 GPA. The student receives only college credit for courses taken through the early admission program.

ACCELERATED HIGH SCHOOL AT BEVILL STATE COMMUNITY COLLEGE AND SHELTON STATE COMMUNITY COLLEGE
Both Bevill State Community College and Shelton State Community College offer eligible high school juniors and seniors the chance to enroll in college classes concurrently with high school classes. High school students will receive college credit only. Students may enroll in the accelerated high school program at both Bevill State Community College and Shelton State Community College the summer after successfully completing the 10th grade year.

CONCURRENT ENROLLMENT AT UA EARLY COLLEGE AT THE UNIVERSITY OF ALABAMA
The University of Alabama offers eligible sophomores, juniors and seniors the chance to enroll in college classes concurrently with high school classes. High school students will receive college credit only. Students may enroll in the accelerated high school program at UA Early College the summer after successfully completing the 9th grade year.

ACADEMIC TOURNAMENT ACTIVITIES
All secondary schools participate in tournaments throughout Alabama as well as within the school system. These tournaments test students’ knowledge of academics. Such activities have affected positively both the attitudes toward learning of participating students and the knowledge base to which they are exposed. Forensics and debate are also available.
ACADEMIC AND INSTRUCTIONAL SUPPORT SERVICES

TITLE I PROGRAM
The Tuscaloosa County School System receives funding through the Every Student Succeeds Act to provide additional resources for students at risk of failure. Schools are determined to be eligible for Title I funding assistance annually by the percentage of students in poverty. Title I funding allows participating schools to employ additional personnel, to purchase extra instructional equipment and supplies, and to implement parent involvement and professional development programs to improve student achievement. The 2018-2019 schools participating in the Title I Assistance Program are the following:

Brookwood Elementary  Davis-Emsen Middle  Holt High  Taylorville Primary
Buhl Elementary  Englewood Elementary  Matthews Elementary  Vance Elementary
Cottondale Elementary  Flatwoods Elementary  Maxwell Elementary  Walker Elementary
Crestmont Elementary  Holt Elementary  Myrtlewood Elementary

SAFE AND DRUG-FREE SCHOOLS AND COMMUNITIES
The primary goal of the Safe and Drug-Free Schools and Communities Program is to prevent alcohol and other drug use among youth by promoting a "no use" message—through all of its programs. The Safe and Drug-Free Schools and Communities Program focuses on prevention by encouraging safe, health activities that build necessary life skills and develop students' highest capabilities. Key components of the drug education program include:
- Recognizing, assessing and monitoring the program
- Implementing and enforcing a no-use policy
- Developing and implementing a drug education and prevention program
- Educating and training staff
- Promoting parent involvement and providing parent education and training
- Working with community groups and agencies

A health education curriculum that contains a substance abuse component is implemented at each school. Through all of these efforts, the Safe and Drug-Free Schools and Communities Program is committed to the mission of a drug-free future for our young people. Through collaboration, maximization of resources, and sharing information and ideas with others in the community, this mission can be a reality.

LIBRARY MEDIA CENTERS
Each school in the Tuscaloosa County School System has a library media center that houses a comprehensive collection of books, audiovisual materials, and instructional equipment. Each school in the Tuscaloosa County School System provides the appropriate number of library books per student as required by the Alabama State Board of Education. Each library media center is staffed by a certified library media specialist. A variety of services is offered in the centers including the provision of materials to support the instructional program; collaboration with teachers; activities designed to increase literature appreciation and a love for reading; instruction in accessing information through both print and technological resources; reader advisory services; and a wide range of enrichment activities. The Library Media Centers use Destiny, a Follett software product, as the automated management system. Destiny provides TitlePeek™, which gives students a chance to preview books on line; One Search™, which lists students get information from the school library and the internet as a whole with a single search; and WebPath Express™, which links student searches to approved grade-appropriate web sites. Since the Alabama Course of Study/Alabama College and Career Ready Standards are included in the program, teachers are able to align lesson plans using Destiny. Students and teachers have home access to Destiny via the internet. The Alabama State Department of Education publication "Alabama's Library Media Handbook for the 21st Century Learner" and "Empowering Learners: Guidelines for School Library Media Programs," published by the American Association of School Librarians, a division of the American Library Association, serves as guides for library literacy instruction.

CIRCULATION PROCEDURES
Elementary students may check out books for a one-week period after they have become familiar with the procedures for checking out books as determined by their teachers and the library media specialist. Secondary students may check out books for a two-week period. The library media specialist will determine the number of books a student may check out at a given time. Books may be reordered as many times as needed; however, circulation privileges will be withheld from students with overdue books or fines. Reference books and other items are subject to circulation procedures available in each school's library. Any of these circulation procedures may be adjusted at the discretion of the librarian to meet local school needs and policies.

OVERDUE BOOKS
Books are considered to be overdue on the first school day after they are due and fines will accrue as applicable. In the elementary schools, an overdue list will be sent to the classroom teacher. If books are still overdue at the end of a reporting period, a notice is included in the individual student's report card stating that the book or a replacement charge is due in the library. In the secondary schools, overdue notices are sent directly to the student. The secondary overdue list is submitted to the principal at the end of the school year for collection.

OVERDUE FINES
In the elementary schools, fines are not charged on a regular basis. In the secondary schools, a fine of 10 cents per day is charged to a maximum of $12.50.

LOST MATERIALS
Elementary students will be charged $20.00 for each lost hardback library book. If the book is found and returned within the same school year, $10.00 will be refunded to the student upon proof of payment. Secondary students will be charged $10.00 for any paperback and $25.00 for any hardback for each lost library book. If the book is found and returned within the same school year, $12.50 will be refunded to the student upon proof of payment. Refunds will not be made for books returned in subsequent years. The cost of a lost elementary or secondary reference book will be determined by the replacement cost of the book. All students will be charged the replacement cost (minimum of $7.50) for a lost paperback book; this fee is nonrefundable.

STUDENT ACCESS TO NETWORKED INFORMATION RESOURCES
Access to the Tuscaloosa County School System's networked information resources allows students to explore thousands of libraries, databases and bulletin boards and exchange messages with Internet users throughout the world. The intent in providing access is to further the educational goals and objectives of the Tuscaloosa County School System. Users of the Internet, email, and electronic resources are accountable for their behavior and communications over the System's networks. Access is a privilege—NOT a right—and entails responsibility. Completion of a Student/Parent Technology Usage Agreement Form will be required before students have access to networked resources. These forms will be available in all schools and the district website. Violations may result in a loss of access, as well as other disciplinary or legal action. All students must abide by the district's technology acceptable use policy. (Policy 5120)
SCHOOL COUNSELING AND GUIDANCE PROGRAM

The school counseling and guidance program is an integral part of the total educational process in the school and is accessible to all students. The counseling and guidance program consists of activities that address and meet students’ various educational and developmental needs. The school counseling and guidance program is developed as a result of a thorough analysis of student needs, desired achievement goals, and related data. The school counseling and guidance program prepares students to meet the challenges and demands of the school setting as well as prepare them for success beyond high school. The goal of each school counseling and guidance program is to ensure student success in three broad domains: academic, career, and personal/social development.

ELEMENTARY SCHOOL COUNSELORS

To address the Academic Development Domain at the elementary level, professional school counselors assist students in their efforts to learn the skills and attributes required for school success. Lessons such as listening, following directions, test taking, and study skills may be taught. Elementary school level professional school counselors emphasize early exploration of career and educational goals in the Career Development Domain. This domain may be addressed through hosting a Career Day, introducing community helpers, and administering interest and personality inventories. Elementary school level professional school counselors place strong emphasis on character development, decision-making skills, development of self-awareness, and good interpersonal relationships. These concepts are addressed in the Personal/Social Development Domain. Elementary school counselors lay the foundation for the development of coping skills and problem-solving strategies that continue in middle and high schools.

MIDDLE SCHOOL COUNSELORS

Professional school counselors at the middle school level assist students in the Academic Development Domain with their acquisition of the attitudes, knowledge, and skills that prepare them to choose from a wide range of postsecondary options that will help them to understand the relationship of academics to the world of work and life. Middle school level professional school counselors assist students in acquiring the skills to investigate the world of work and employment strategies to achieve future career goals with success and satisfaction. Counselors for Grades 8-12 must guide students in the development and annual revision of a four-year educational/career plan based on a career goal and have students maintain a portfolio of study based on legislative and other graduation requirements. Middle school level professional school counselors provide programs to equip students with the skills to acquire the knowledge, attitudes, and interpersonal skills to help them understand and respect self and others, make decisions, set goals, take necessary actions to achieve goals, and develop other coping skills.

HIGH SCHOOL COUNSELORS

At the high school level, professional school counselors build on goals established during elementary and middle school. Competencies in the Academic Development Domain are met when the high school counselor assists students in applying and enhancing acquired knowledge and understanding as they strive to become college- and career-ready. At the high school level, professional school counselors offer educational opportunities that provide the workforce with a strong academic foundation and understanding of college- and career-ready standards. Counselors for Grades 8-12 must guide students in the development and annual revision of a four-year educational/career plan based on a career goal and have students maintain a portfolio of study based on legislative and other graduation requirements. High school level professional school counselors emphasize competency in decision making and personal responsibility. Activities encourage the development of realistic and fulfilling life goals.

Counselors assume the leadership role for managing and implementing the comprehensive counseling and guidance program in their school. Counselors are responsible for the systematic delivery and evaluation of structured developmental counseling and guidance services to all students. Counselors work directly with students, individually and in small groups, to deal with unique or problem-centered concerns that require more privacy or attention than can be accommodated in structured guidance activities. Counselors serve students individually by acting as consultants to administrators, teachers, parents, and others to help them understand and respond to the developmental, emotional, and social needs of students. Counselors coordinate various activities within the school that are related to student welfare. Appropriate referrals, placements, and follow-ups are activities that are particularly pertinent to counseling.

## Graduation Requirements for Graduating Classes of 2019-2022

### (First Time Freshmen During the 2013-2014 School Year and Beyond)

All students earning a high school diploma in the Tallassee County School System must have a minimum of 24 credits. All requirements must be met for participation in the graduation ceremony. The focus will be on the coursework taken that necessitates a clearly articulated and individualized four-year plan built by each student. Students are encouraged to consult school administrators, school counselors, teachers, and post-secondary institutions to determine best course selections. Post-secondary institutions have varying entrance requirements, therefore, it is the responsibility of the student to determine from the specific post-secondary institutions the appropriate high school courses needed.

**DIPLOMA PATHWAYS**

**ALTERNATE ACHIEVEMENT STANDARDS PATHWAY**
The Alternate Achievement Standards (AAS) Pathway allows students access to credit-eligible courses. Students meet the required courses in English Language Arts, Science, Social Studies, and Math. Students participate in:
- AAS Life Skills
- AAS Pre-Vocational
- AAS Vocational
- AAS Community-Based Work Instruction

Students in this pathway take the Alabama Alternate Assessment. Students following this pathway must have an IEP. Starting with the 2018-2019 school year, only students with an IEP will be allowed to enroll in the Alternate Achievement Standards (AAS) Pathway courses.

**ESSENTIALS PATHWAY**
The Essential Pathway allows students access to credit-eligible courses to meet the required courses. Students meet the required courses in English Language Arts, Science, Social Studies, and Math. In addition, students meet the requirements for graduation through Community-Based Work Training, Career Technical Education (CTE) courses, Workforce Essentials or Transition Skills II, Cooperative Education and/or Essentials Career Preparation.

Students who take four or more Essentials core courses must complete all requirements of the pathway including the work component. This pathway is designed to allow students to participate in career/competitive employment.

This pathway is accepted by most community colleges, but may not be accepted by most four-year institutions. This pathway is not accepted by NCAA for eligibility purposes.

Students following this pathway must have an IEP. Starting with the 2017-2018 school year, only students with an IEP will be allowed to enroll in the Essentials Pathway courses.

**GENERAL EDUCATION PATHWAY**
The General Education Pathway allows students access to general education, Advanced Placement (AP) and dual enrollment courses leading to the Alabama High School Diploma. This diploma is designed to prepare students for college and career.

According to the Every Student Succeeds Act (ESSA), only students whose coursework is fully aligned to the state's core academic content standards or those with the most significant cognitive disabilities will count as graduates in calculating the USDOE Four-Year Adjusted Cohort Graduation Rate for the state, school systems and local schools.
GENERAL INFORMATION FOR SENIORS

PARTICIPATION IN THE GRADUATION CEREMONY
Upon completion of high school, the type of diploma or certificate a student can receive is dependent upon his or her successful completion of the required number of Carnegie units. ALL REQUIREMENTS MUST BE MET FOR PARTICIPATION IN THE GRADUATION CEREMONY.

IN ADDITION, PARTICIPATION IN THE PRACTICE FOR THE GRADUATION CEREMONY IS MANDATORY. ANY STUDENT WHO FAILS TO PARTICIPATE IN THE PRACTICE FOR THE GRADUATION CEREMONY WILL BE DENIED THE OPPORTUNITY TO PARTICIPATE IN THE GRADUATION CEREMONY. FEES MUST BE EITHER PAID IN FULL OR A PAYMENT PLAN ESTABLISHED WITH THE PRINCIPAL PRIOR TO THE GRADUATION CEREMONY FOR A STUDENT TO PARTICIPATE IN THE GRADUATION CEREMONY. All students earning a high school diploma in the Tuscaloosa County School System must have a minimum of 24 units.

OPTIONS FOR STUDENTS WHO DO NOT MEET GRADUATION REQUIREMENTS
REGULAR PROGRAM STUDENTS classified as seniors and who have NOT earned the Carnegie units necessary for graduation may continue to pursue the Carnegie units needed for graduation until the age of 21. When the required number of Carnegie units has been earned the student will be issued the earned diploma and be eligible to participate in the next scheduled graduation ceremony. If the required number of Carnegie units needed for graduation has not been earned before the student has reached the age of 21, the student may pursue the GED through the Adult Education Program.

VALEDICTORIANS, SALUTATORIANS, AND HONOR GRADUATES
In an effort to encourage academic excellence and achievement on the part of students throughout the school system, the Board directs that each high school principal, with the assistance of appropriate staff members, select a valedictorian, a salutatorian, and honor graduates as a way of appropriately honoring those students who have pursued and attained high academic goals. Following are the criteria for determining who may be eligible for these honors (Policy: 5.23):

CRITERIA FOR VALEDICTORIAN AND SALUTATORIAN FOR GRADUATING CLASS OF 2019 AND BEYOND
- The candidates for valedictorian and salutatorian must have been enrolled at the high school for one full school year prior to the date of their graduation.
- The student with the highest numerical grade average who qualifies to receive an Academic Distinction to the Alabama High School Diploma will be the class valedictorian.
- The student with the second highest numerical grade average who qualifies to receive an Academic Distinction to the Alabama High School Diploma will be the class salutatorian.
- In the case of a tie (after carrying the grade average to 4 decimal places and rounding to 3 places), students having the same average will be recognized as co-valedictorians or co-salutatorians.
- The numerical grade average for the candidates will be computed on course work taken beginning with the freshman year (unless Carnegie units/credits had been awarded to the candidates from an accredited institution while the candidates were enrolled in eighth grade) through the second term/semester of the senior year. All final grades for half-credit and full credit courses will be used.
- Advanced Placement (AP) grades will be weighted by adding 10 points to each final grade earned in an AP class. All Pre-Advanced Placement (Pre-AP) grades will be weighted by adding 5 points to each final grade earned in a Pre-AP class. In the case of a transfer student who has AP grades, only those courses recognized as AP by The College Board will be weighted. If a student fails an AP course, no weighted credit will be added to the configuration.
- The candidates for valedictorian and salutatorian must have been enrolled at the high school for one full school year prior to the date of their graduation.
- The candidates for valedictorian and salutatorian must have been enrolled at the high school for one full school year prior to the beginning of the second term of the senior year.
- If letter grades are present on a candidate's transcript, the candidate must have the respective school(s) attended submit the grades in numerical form. If officials of the school that the student attended cannot or will not convert the letter grades to numerical grades, then the letter grades will be converted to numerical grades as follows:
  - A+ = 99
  - A = 95
  - A- = 90
  - B+ = 89
  - B = 85
  - B- = 80
  - C+ = 79
  - C = 75
  - C- = 70
  - D+ = 69
  - D = 65
  - D- = 60
  - F = 55

CRITERIA FOR HONOR GRADUATES FOR GRADUATING CLASS OF 2019 AND BEYOND
The honor graduates are graduating seniors who have qualified to receive an Academic Distinction to the Alabama High School Diploma and have an overall grade point average (GPA) of 4.0 (on a 4-point scale) on all courses taken during the freshman year through the second semester of the senior year. Approved College Board Advanced Placement courses will be weighted as follows when calculating grade point averages only for students who sit for the AP exam: A = 5; B = 4; C = 3; D = 2. Students must take a comprehensive final exam in each Pre-AP course to receive the weighted credit and are required to take the National AP Exam developed by the College Board in each AP course to receive the weighted credit.

EXTRACURRICULAR ACTIVITIES

STUDENT CLUBS AND ORGANIZATIONS
School-sponsored clubs and organizations shall be under the direct control of school officials. Such clubs and organizations shall not be affiliated or associated with any political or religious organization or any organization which denies membership on the basis of race, creed, color, or political beliefs. All school-sponsored clubs and organizations shall be sponsored by a member of the faculty approved by the school’s Principal and shall have a constitution approved by the Student Council (Student Government Association) or by the school’s Principal (Policy: 4.50).

STUDENT GOVERNMENT
Effective student governments are the forums for the training and involvement of students in the democratic processes. Members of the school community share the responsibility for shaping governments into positive instruments for student involvement.

STUDENT RESPONSIBILITIES ARE TO:
- elect student government officers and representatives who are responsive to the needs of the school and who will work constructively toward the resolution of such needs;
- become knowledgeable of School Board and individual school policies governing the actions of students;
- conduct election campaigns in a positive, mature manner, with all due respect provided their opponents;
- attend regularly scheduled meetings, if an elected student representative, and exhibit appropriate conduct at all times.

STUDENT RIGHTS ARE TO:
- form and operate a student government within the respective schools under the supervision of a faculty advisor;
- have access to policies of the School Board in the individual school;
- seek office in student government, or any school organization, regardless of race, sex, color, creed, or political beliefs;
- attend, as student government officers and representatives, official student government meetings upon approval of such meetings by the school Principal.

STUDENT PUBLICATIONS
Education is the process of inquiry and learning, acquiring and imparting knowledge, and exchanging ideas. One of the important roles of the school is to provide effective avenues through which students may express themselves on a wide range of subjects. Official student publications, such as school newspapers, should include viewpoints representative of the student body.

STUDENT RESPONSIBILITIES ARE TO:
- refrain from publishing libelous and obscene materials;
- to seek full information on the topics about which they write; and
- observe normally accepted rules for responsible journalism under the guidance of the faculty advisor.

STUDENT RIGHTS ARE TO:
- participate in the development and distribution of publications as a part of the educational process.

STUDENT ABSENCES AND PARTICIPATION IN SCHOOL ACTIVITIES
Students who are away from school because of participation in official school sponsored activities shall be marked present and allowed to make up missed work. Students who are absent from school for an excused or unexcused reason shall not be allowed to participate in any school extracurricular or co-curricular activities that day (athletic contest, cheerleading, band, scholars’ bowl, beauty walk, etc.) unless that absence is approved in advance by the school principal.

ELIGIBILITY FOR PARTICIPATION IN EXTRACURRICULAR ACTIVITIES
The Tuscaloosa County Board of Education recognizes the value of athletics and other extracurricular activities as they relate to the total education of students. The Tuscaloosa County Board of Education also recognizes and supports high academic standards and the necessity of developing a framework to assess annually the progress of each student who participates in athletics or extracurricular activities toward graduating from high school on schedule with his/her class. The Tuscaloosa County Board of Education prescribes the following regulations for eligibility:

1. Students must be enrolled in a school of the school system
2. Extracurricular activities associated with athletics are defined as those recognized and sanctioned by the Alabama High School Athletic Association, and other extracurricular activities are defined as those that are sanctioned by a public school that are not related to a student’s academic requirements or success in a course.
3. Regular curricular activities are defined as those that are required for satisfactory course completion.
4. Students entering grades 10 - 12 must, for the last two (2) terms/semesters of attendance and summer school, if applicable, have a passing grade and earn the appropriate number of credits in each of six (6) subjects that total six (6) Carnegie units of credit, including four (4) credits from the four (4) core subjects composed of English, science, social studies, and mathematics with a numerical composite average of 70. Students entering grades 9 must, for the last two terms/semesters of attendance and summer school, if applicable, have a passing grade in five (5) subjects with a composite numerical average of 70. Students promoted to the seventh grade for the first time are eligible. (A term/semester is defined as one-half of a school year as defined by the local Board of Education adopted school year calendar.)
5. Physical education may count as only one (1) unit per year.
6. Eligibility shall be determined on the first day of the local school year and shall remain in effect for one (1) complete school year. Students deemed ineligible at the beginning of the school year by virtue of having failed to meet the requirements outlined in item #3 may regain their eligibility either by successfully completing the required courses through an accredited program by September 1st OR at the end of the first term/semester by meeting the requirements for eligibility in the two most recently completed terms/semesters, including summer school. Eligibility restoration must be determined no later than five (5) days after the beginning of the succeeding term/semester. An ineligible student may not become eligible after the fifth day of each term/semester.
7. Bona fide transfers may be handled according to rules of the Alabama High School Athletic Association for sports and rules to be developed by the local Board of Education as they pertain to other extracurricular activities. The rules and regulations for athletic eligibility for transfers according to the Alabama High School Athletic Association may be found at www.AHSAA.com.
8. Each eligible student must have a minimum composite numerical average of 70 on six (6) Carnegie units from the preceding year, including summer school. Summer school work passed may substitute for regular school work repeated in computing the 70 average.

9. Each eligible student involved in athletics must meet the definition of a regular student as defined by the Alabama High School Athletic Association.

10. Any student who earns more than four (4) credits in the core curriculum in any given year or who accumulates a total in excess of the required four (4) per year may be exempt from earning the four (4) core courses in the succeeding year as long as that student remains on track for graduation with his/her class and the grade was not previously used in calculating eligibility.

11. Sixth grade students are eligible for non-athletic extracurricular activities. Students promoted to the seventh grade for the first time are eligible for all extracurricular activities.

12. School sponsors are required to submit a request for each curricular activity that occurs outside the regular school day and/or school to the Principal, Superintendent, and the local Board of Education for approval.

13. Each request for full participation by all students, regardless of academic standing, in a curricular activity shall be granted if the Principal, Superintendent, and the local Board of Education approve participation in the activity as an extension of a course requirement and it is an event sanctioned by a state/national subject matter association.

14. Notwithstanding anything to the contrary in this regulation, activities offered by the school through mathematics, science, band, choral music, and other courses at events such as athletic events (pre-game, game, halftime, or other breaks), club conventions, parades, amusement park trips and competitions, trips by tour companies, performances at various meetings, etc., are extracurricular, and students academically ineligible under this policy shall not be allowed to participate.

*Unit calculations for regaining eligibility at the end of the first term/semester may not coincide exactly with units for graduation for students in schools on a different academic calendar. (Policies 5.80 and 5.81).

STUDENT RIGHTS AND RESPONSIBILITIES

A student’s individual rights and associated responsibilities must be viewed in relationship to the health, safety, and welfare of the majority of students in each school. It is our intent to develop, with our students and parents, a better understanding of some of the rules and regulations of the Tuscaloosa County School System.

FREE SPEECH/EXPRESSION

Citizens in our democracy are guaranteed self-expression under the First and Fourteenth Amendments of the United States Constitution; therefore, in a democratic society one of the basic purposes of education is to prepare students for responsible self-expression.

STUDENT RESPONSIBILITIES ARE TO:

- respect the rights of other individuals;
- to express disagreements in a manner which does not infringe upon the rights of others and does not interfere with the orderly educational process;
- act in a manner which preserves the dignity of patriotic observances;
- respect the religious beliefs of others;
- plan for, seek approval of, and conduct activities which are consistent with the educational objectives of the school.

- affirm their identity with American ideals (i.e., pledging allegiance to the American Flag);
- refrain from any activity which violates the precepts of their religion.

DUE PROCESS

A student must know what conduct is appropriate and what is forbidden; therefore, the rules and regulations of the Board of Education governing student conduct shall be distributed to the students and parents and posted in a conspicuous place. Prior to any suspension the Principal or his/her designee shall advise the student in question of the particular misconduct and the basis for accusation; provide the student an opportunity to explain his/her version of the situation; and immediately remove from the school premises without benefit of the above procedures any student whose continued presence in the school poses a danger to persons or property or an ongoing threat of disruption to the academic process. The necessary procedure shall follow as soon as practicable (REF: Ges v. Lopez, 95 S. Ct. 729 (1975) Tuscaloosa County). Student rights are to:

- be informed of rule violations and given the opportunity to present evidence in their defense;
- appeal disciplinary actions. (All appeals should be made in accordance with the appeals and grievance procedures.)

PRIVACY AND PROPERTY RIGHTS

Federal and State laws and recent court rulings uphold the authority of school officials to conduct reasonable searches and seizures of property when there are "reasonable grounds." The law permits the Tuscaloosa County Board of Education, its employees, agents, or designees to conduct reasonable searches of students and to seize student property to protect the health, safety, and welfare of all students.

STUDENT SEARCHES BY SCHOOL OFFICIALS

SCHOOL PROPERTY

School officials shall inspect or search lockers or desks only if there is a reasonable cause to believe that articles are kept there that may endanger other individuals in the school or that such articles possessed are contrary to law or the regulations of the Board.

INDIVIDUALS

School officials (school Principal or approved designee under the direction of the school Principal only) may make searches of a student and/or personal belongings, if there is reasonable cause to believe that the student is carrying articles that may endanger other individuals in the school or that such articles possessed are contrary to law or the regulations of the Board. If a student is searched, it shall be in private by a school official of the same sex with a certified staff member of the same sex present. In any case in which the Principal or designee determines that a search of more than a student’s pockets, jacket, cap, outer shirt, shoes, socks, belt, purse, book bag, other outer garments and articles, and electronic devices is justified by sufficient reasonable cause, the Principal or designee shall notify the student's parent/guardian prior to the search and the parent/guardian shall be given a reasonable opportunity to be present.

AUTOMOBILES

Vehicles driven onto school property by students are subject to search by the Principal or designee if the Principal or designee reasonably suspects that the contents of the vehicle may present a threat or a potential threat to the health, safety or welfare of other students, staff, or to the school in general. In the case of a locked vehicle, every effort will be made to have the vehicle unlocked by the student before proceeding with the search. A student who refuses to cooperate in allowing a search of a vehicle brought by him or her on school property shall be subject to disciplinary action up to and including long-term suspension. Student will lose all parking privileges on school campus and will be ineligible for parking permits.

IMPOUNDMENT

If a search as noted above reveals items specifically prohibited by law, Board policies/regulations, or school regulations, such items shall be impounded and notification of such action given to the student’s parent(s)/guardian(s) (Policy: 5.31).

STUDENT SEARCHES BY LAW ENFORCEMENT OFFICIALS

To provide a safe and secure environment for students, staff, and visitors, the Board may permit law enforcement agencies to make periodic, unannounced visits, as applicable law allows, to any public school in the Tuscaloosa County School System for the purpose of detecting the presence of illegal drugs or weapons. The possession of illegal drugs, alcohol, or weapons will result in immediate suspension from school and possible criminal charges being brought against the student(s). In addition, staff and visitors are subject to possible criminal charges if found in possession of illegal drugs, alcohol, or weapons. These visits by law enforcement officials should be conducted with the knowledge and cooperation of the local school Principal and Superintendent or his/her designee (Policy: 5.31).
**INTERROGATIONS BY LAW ENFORCEMENT OFFICIALS**

**INTERROGATIONS AT THE REQUEST OF SCHOOL OFFICIALS**
When the Principal or his/her designee has evidence and/or reasonable cause to believe that a crime has been committed on-campus by one or more students, law enforcement officials, to include juvenile authorities, may be requested to come to the school to investigate the incident. Such investigations may include interrogation of students. In the event a student is to be interrogated about a crime committed on-campus, the law enforcement official must read the Miranda rights pertaining to the student being interviewed. The juvenile Miranda rights are distinguished from the adult Miranda rights based on the student’s right to contact a parent/guardian through the provided reasonable means. The decision to contact a parent/guardian is solely up to the student to be interviewed. A waiver of the Miranda rights is available to the student who agrees to an immediate interview. School officials have no duty to notify the parent/guardian of the student being interviewed. This waiver cannot be obtained by the student through reasonable means or cannot be present within a reasonable time, the law enforcement official may proceed with the interview in the absence of the parent (Attorney General Ruling, December 9, 1974). School officials have no duty to intervene in the interview process on the ground that the parent cannot be reached. A school official must be present at the interview, but cannot refuse the law enforcement officer permission to conduct the interview.

**INTERROGATIONS AT THE REQUEST OF LAW ENFORCEMENT OFFICIALS**
When law enforcement officers make it known that they wish to talk to a student concerning an off-campus crime while under the supervision of the school, the student will be called to the office of the Principal. The law enforcement officer must read the student the juvenile Miranda rights from which the student becomes aware of the distinguished right to notify a parent/guardian of the impending investigation. Neither the law enforcement officer nor the school Principal or his/her designee has the duty to contact the student’s parent/guardian. The decision to communicate with a parent/guardian is a decision to be made only by the student to be interviewed. The student may exercise the right to communicate with a parent/guardian through provided reasonable means. If the parent/guardian cannot be contacted through the provided reasonable means or cannot be present within a reasonable time, the law enforcement officials may proceed with the interview (Attorney General ruling, December 9, 1974). The student may sign a waiver to the Miranda rights and agree to an immediate interview with a law enforcement officer. If the parent wants to be present, then the law enforcement officer can take the student in custody and conduct the interview with the parent present.

**RANDOM DRILLS USING METAL DETECTORS AND/OR CANINE UNITS**
To provide and maintain a safe and secure environment for students, school personnel, and authorized visitors random drills using metal detectors and/or canine units may be utilized. Metal detectors may be employed by trained school Board employees and/or law enforcement officials at the request and approval of the local school Principal and Superintendent or his/her designee. Canine units may be employed by trained law enforcement officials at the request and approval of the local school Principal and Superintendent or his/her designee. (Policy: 5.31.2).

**SURVEILLANCE CAMERAS**
To provide and maintain a safe and secure environment for students, staff, and authorized visitors, the Tuscaloosa County Board of Education may use surveillance equipment on properties owned and/or maintained by the school system. Properties include buildings and grounds as well as vehicles owned and/or operated by the school system. Equipment shall not be used where there is an expectation of privacy (i.e., bathrooms, gyms, locker rooms, private offices, and classrooms). All school personnel, students, and parents shall be informed that they are subject to being videotaped while in school buildings, on school grounds, at school events, and on system-owned/maintained vehicles. Any information obtained through the use of surveillance equipment shall be used only by Tuscaloosa County School System administration for school safety, disciplinary matters, law enforcement, or other lawful purposes [The Code of Alabama, 16-4-7, 16-6B3, 49 (1975); Alabama Administrative Code 200-4-1-0(14), 5 Alabama State Department of Education, September 2, 1997, (Tuscaloosa County: November 13, 2000)], (Policy: 5.31.1) Due to student privacy rights, surveillance video recording shall not be shared with any student’s parent or legal guardian.

**STUDENT RECORDS**
A well-developed student record file contains information needed for making appropriate educational decisions for the students. Student records are to be treated confidentially and should contain information that is relevant, accurate, and appropriate.

**RESPONSIBILITIES OF STUDENTS, PARENTS, AND GUARDIANS ARE TO:**
- authorize the release of pertinent information to those individuals or agencies who are working actively and constructively for the benefit of the student; release of records of students 17 years of age or younger who attend an elementary or secondary school requires the signature of the parent/guardian except when released to other educational institutions or when subpoenaed by the courts.

**RIGHTS OF STUDENTS, PARENTS, AND GUARDIANS ARE TO:**
- inspect, review, and challenge the information contained in records directly relating to the student;
- be protected by legal provisions which prohibit the release of personal identifiable information to other than legally authorized persons without the consent of the parent, guardian, or eligible student; eligible students are those 18 years of age or older.

**FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT**
The Family Educational Rights and Privacy Act (FERPA) is a federal law designed to protect the privacy of a student’s education records. Generally, the school must have written permission from the parent or eligible student before releasing any information from a student’s records; however, the law allows schools to disclose records, without consent, to the following parties:
- School employees who have a need-to-know;
- Other schools to which a student is transferring;
- Certain government officials in order to carry out lawful functions;
- Appropriate parties in connection with financial aid to a student;
- Organizations doing certain studies for the school;
- Accrediting organizations;
- Individuals who have obtained court orders or subpoenas;
- Persons who need to know in cases of health and safety emergencies; and
- State and local authorities, within a juvenile system, pursuant to specific state laws.
The Tuscaloosa County School System designates the following as “directory” information:

- Student's name
- Address
- Telephone listing
- Electronic mail address
- Photograph
- Date and place of birth
- Dates of attendance
- Grade level
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Degrees, honors, and awards received
- The most recent educational agency or institution attended
- Student ID number

Schools may also disclose, without consent, “directory” type information. Should parents decide not to release directory information for their child, they must notify the school Principal in writing within ten (10) days of the beginning of the school year or within 10 days of enrollment for transfer students. A new request for non-release must be completed each school year.

STUDENT GRIEVANCES

The Tuscaloosa County Board of Education believes that the students have both the right and responsibility to express school-related concerns and grievances to the faculty and the administration. Therefore, students shall be assured the opportunity for an orderly review of grievances. Students should request an appointment with the Principal or his/her designees which will not interfere with the regularly scheduled classes or school activities. The faculty and administration will strive to resolve student grievances at the most immediate level of supervision. In all cases when the student’s grievance cannot be resolved at the local school, students shall follow the system’s grievance procedure.

MARRIED STUDENTS

Married students are eligible to attend the schools of the school system and participate in regular school programs. Such students must maintain a responsible relationship to the school and other students and shall be expected to abide by all rules and regulations applicable to all students.

STUDENT USE OF MOTORIZED VEHICLES

Student use of motorized vehicles is limited to high school campuses. Students operating motorized vehicles on school premises shall do so in accordance with Alabama traffic laws and such rules and regulations as may be formulated by local school officials. The privilege to operate a private vehicle on school property will be revoked if safety rules are violated. Students may be required to present evidence of an Alabama driver’s license before they are authorized to bring a vehicle on school premises. In an effort to maintain order and safety in and on school parking facilities, school personnel are authorized to secure and require students operating motorized vehicles on campus to purchase parking decals, numbers, etc.

Violation of this policy may result in arrest and prosecution in accordance with Alabama law and/or disciplinary action by local school officials.

CHARACTER EDUCATION

The state of Alabama legislative support for character education started in 1995, Act(s) 1975 Code of Alabama, Section 16-6B-2(h); 1995 Accountability Law, Act 5-313. The State Board of Education and all local boards shall develop and implement a comprehensive character education program for all grades to consist of not less than ten minutes instruction per day focusing upon the students' development of the following character traits: courage, patriotism, citizenship, honesty, fairness, respect for others, kindness, cooperation, self-respect, self-control, courtesy, compassion, tolerance, diligence, generosity, punctuality, cleanliness, cheerfulness, school pride, respect for the environment, patience, creativity, sportsmanship, loyalty, and perseverance.

Each plan of instruction shall include the Pledge of Allegiance to the American flag” (1995 Accountability Law)

ANTI-HARASSMENT OF STUDENTS

It is the policy of the Board that no student shall engage in or be subjected to harassment, violence, threats of violence, humiliation, ridicule, or intimidation by any other student or group of students that is based on any of the specific characteristics that have been identified by the Board in this policy. The Board is committed to providing an academic environment that is free of any kind of harassment. Students who violate this policy will be subject to disciplinary sanctions.

The term “harassment” as used in this policy means a continuous pattern of intentional behavior that takes place on school property, on a school bus, at a school-sponsored function, or results in the creation of a hostile environment at school, including, but not limited to, written, electronic, verbal, or physical acts that are reasonably perceived as being motivated by any characteristic of a student, or by the association of a student with an individual who has a particular characteristic, and which has the intended effect or otherwise results in any of the following:

- places a student in reasonable fear of harm to his or her person or damage to his or her property;
- has the effect of substantially interfering with the educational performance, opportunities, or benefits of a student;
- has the effect of substantially disrupting or interfering with the orderly operation of the school;
- has the effect of creating a hostile environment in the school, on school property, on a school bus, or at a school-sponsored function;
- has the effect of being sufficiently severe, persistent, or pervasive enough to create an intimidating, threatening, or abusive educational environment for a student;
- has the effect of subjecting the target student to humiliation and/or ridicule by other students in the school setting.

Complaints alleging violations of this policy should be made on Board approved complaint forms available at the Principal’s and/or counselor’s office.

- The complaint must be signed by the student alleging the violation or by the student’s parent or legal guardian and delivered to the Principal or the Principal’s designee either by mail or personal delivery,
- In the sole discretion of the Principal or the Principal’s designee, or at the request of the complaining student or the student’s parent or legal guardian, incidental or minor violations of the policy may be presented and resolved informally;
- If the Principal or the Principal’s designee determines that the complaint alleges a serious violation, an investigation will be made.
- If the investigation establishes a violation, appropriate disciplinary sanctions will be imposed on the offending student(s).
- Other measures that are reasonably calculated to prevent a recurrence of the violation(s) may also be imposed by the Principal or the school system.
Acts of reprisal or retaliation against any student who has reported a violation of this policy or sought relief provided by this policy are prohibited, and are themselves a violation of this policy.

Any confirmed acts of reprisal or retaliation will be subject to disciplinary sanctions.

A student who deliberately, recklessly, and falsely accuses another student of a violation of this policy will be subject to disciplinary sanctions as outlined in the Code of Student Conduct.

If a threat of suicide is reported, the Principal or the Principal’s designee will inform the student’s parent or guardian of the report (Policy: 5.28).

SEXUAL HARASSMENT OF STUDENTS

It is the policy of the Board that sexual harassment of a student by other students or employees is unlawful behavior and will not be permitted in the school setting. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

- submission to such conduct is made either explicitly or implicitly as a term or condition of the student’s academic progress or completion of a school-related activity; OR
- submission to or rejection of such conduct is used as a basis in evaluating the student’s performance in a course of study or other school-related activity; OR
- such conduct has the purpose or effect of substantially interfering with the student’s educational performance or creating an intimidating, hostile, or offensive educational environment.

A student who feels that he or she has been sexually harassed should report the incident to the school Principal and the designated reporting officer.* The student may request that the school Principal appoint a designee of the same sex to hear his/her complaint. The complaint should be made within ten (10) calendar days following the incident or the latest occurrence in the series of such incidents. The complaint may be made to the Principal in person or may be made in writing, signed by the complainant and then delivered to the reporting officer by the Principal. If such report is first made verbally, then it will be the responsibility of the Principal or reporting officer to reduce the same to writing and to have the complainant sign the written complaint (Policy: 3.43).

*The Tuscaloosa County School System’s Sexual Harassment Officer may be contacted at (205)-342-2725.
STUDENT CONDUCT

It is the belief of the Tuscaloosa County School System that a uniform code of conduct for students is important to the pursuit of academic excellence in order that the students may have meaningful learning experiences. This can only be accomplished in schools where the environment is free from distraction caused by disruptive behavior. Creating such an environment requires the cooperation of the parents/guardians, students, Board of Education, and all employees of the school system. It is important that each person connected with the school understands the importance of a consistent set of behavior standards in order that a positive environment can be established and maintained.

As students progress in our school system, it is reasonable to assume that an increase in age and maturity will result in the students assuming greater responsibility for their actions. It is recognized that differences in age and maturity require different types of disciplinary action; however, the procedures identified shall apply to all students in grades K - 12. For effective instruction to occur there must be a cooperative relationship among student, parent, and educator.

This relationship may be described as follows:

PARENTS/GUARDIANS SHOULD:
- maintain regular communication with the school authorities concerning their children’s progress and conduct;
- ensure that their children are in daily attendance and promptly report and explain an absence or tardiness to the school;
- provide their children with the resources needed to complete class work;
- bring to the attention of school authorities any problem or condition which affects their children or other children of the school;
- discuss report cards and work assignments with their children;
- maintain up-to-date work and emergency telephone numbers at the school, including doctor, hospital preferences, and emergency health care form;
- attend scheduled parent/teacher conferences

STUDENTS SHOULD:
- attend all classes daily and be punctual in attendance;
- be prepared to come to class with appropriate working materials;
- be respectful of all individuals and property;
- refrain from profane or inflammatory statements;
- conduct themselves in a safe and responsible manner;
- be clean, neat, and appropriately dressed;
- be responsible for their own work;
- abide by the rules and regulations of the school and each classroom teacher;
- seek changes in an orderly and recognized manner.

SCHOOLS SHOULD:
- encourage the use of good guidance procedures;
- maintain an atmosphere conducive to good behavior;
- exhibit an attitude of respect for students;
- plan a flexible curriculum to meet the needs of students;
- promote effective training or discipline based upon fair and impartial treatment of all students;
- develop a good working relationship among staff and with students;
- encourage the school staff, parents/guardians, and students to use the services of community agencies;
- promote regular parental communication with the school;
- encourage parent participation in affairs of the school;
- seek to involve students in the development of policy;
- endeavor to involve the entire community in the improvement of the quality of life within the community;
- notify parents, if possible, when students are absent;
- bring to the attention of parents any problem or condition which exists with their children.

PARENTS'/GUARDIANS’ RESPONSIBILITY FOR THEIR CHILDREN’S CONDUCT

The Board hereby advises parents/guardians of their responsibility for the conduct of their children based on Legislative Act 93-672 which amends Section 16-28-12, Code of Alabama. The Act has important implications for parents and students of the school system. Section I Title 16, Code of Alabama, 1975 is amended to read:

(A) Each parent, guardian, or other person having control or custody of any child required to attend school or receive regular instruction by a private tutor who fails to have the child enrolled in school or who fails to send the child to school, or to have him or her instructed by a private tutor during the time the child is required to attend a public school, private school, denominational school, or parochial school or be instructed by a private tutor, or fails to require the child to regularly attend the school or tutor, or fails to compel the child to properly conduct himself or herself as a pupil in accordance with a written policy on school behavior adopted by the local Board of Education and documented by the appropriate school official which conduct may result in the suspension of the pupil, shall be guilty of a misdemeanor and, upon conviction, shall be fined not more than one hundred dollars ($100) and may also be sentenced to hard labor for the county for not more than 90 days. The absence of a child without the consent of the principal teacher of the school he or she attends or should attend, or of the tutor who instructs or should instruct the child, shall be prima facie evidence of the violation of this section.

(B) Any parent, guardian, or other person having control or custody of any child enrolled in public school who fails to require the child to regularly attend the school or tutor, or fails to compel the child to properly conduct himself or herself as a pupil in accordance with a written policy on school behavior adopted by the local Board and documented by the appropriate school official which conduct may result in the suspension of the pupil, shall be reported by the Principal to the Superintendent of the school system in which the suspected violation occurred. The Superintendent or his/her designee shall report such suspected violations to the district attorney within 10 days. Any Principal or Superintendent or his/her designee intentionally failing to report such a suspected violation shall be guilty of a Class C misdemeanor. The district attorney shall vigorously enforce this section to ensure proper conduct and required attendance by any child enrolled in the public schools.

OPERATIONAL PROCEDURES

In an effort to implement and communicate the basic principle of the Act, parents/guardians and students shall be informed of the intent of Act 93-672 and Section 16-28-12, Code of Alabama through the printing of its basic principles in student handbooks and/or in school newsletters. Such information should be communicated at the beginning of each school year.

BASIC PRINCIPLES
Parents/Guardians
- must enroll their child in school (i.e., all children between the ages of 6 and 17 shall be required to attend school);
- are responsible for the regular attendance of their child;
are to compel their child to properly conduct himself or herself in accordance with the policies of the Board related to student behavior;
should be informed that inappropriate conduct or behavior on the part of their child may result in suspension from school and such suspensions will be reported to the Superintendent and District Attorney by school administration;
will be subject to prosecution by the District Attorney on the third suspension of their child pursuant to Section 16-28-12, Code of Alabama;
may be referred to the District Attorney’s office on the first or second suspension if, in the opinion of the Principal, the offense committed by their child warrants such action.

School Principals and the Superintendent are responsible for reporting violations of this Act to the District Attorney’s office. School Principals and the Superintendent are hereby informed that the intentional failure to report a suspected violation of this Act could result in being declared guilty of a Class C misdemeanor. Such reports shall be made using the school system’s Notification of Suspension form.

JURISDICTION OF THE SCHOOL BOARD

Students enrolled in the Tuscaloosa County School System are subject to the policies of the Tuscaloosa County Board of Education and to the rules and regulations of the schools.

This authority applies to all school-sponsored activities including but not necessarily limited to:
- regular school activities;
- transportation on school buses;
- field trips;
- athletic functions;
- activities during which appropriate school personnel have supervisory responsibility for students.

All school regulations and prohibitions pertain to motorized vehicles driven or parked on school property. In addition to the foregoing, jurisdictional control over the student may be extended to the immediate vicinity of the school when the conduct of the student is deemed to have a detrimental effect on the health, safety, and welfare of the school. The authority of the school officials to control student conduct off school grounds and outside school hours is well settled in the law. When the students are engaged in a school-sponsored activity, the authority of the school officials is the same as if the activity took place on school property.

STUDENTS’ RESPONSIBILITIES FOR THEIR CONDUCT

Students enrolled in the Tuscaloosa County School System are to obey all school policies, rules, and regulations and become familiar with the contents of the Student-Parent Information Guide.

ACADEMIC INTEGRITY

Academic integrity ensures students possess the responsibility to acquire skills honestly in the classroom that aids them in college and the workforce. Academic integrity also guarantees students a quality learning experience in which work is evaluated fairly and hard work is recognized and valued. Students in the Tuscaloosa County School System are expected to submit original work and give credit to other peoples’ ideas. Maintaining academic integrity involves:

- Creating and expressing your own ideas in course work;
- Acknowledging all sources of information;
- Completing assignments independently or acknowledging collaboration;
- Accurately reporting results when conducting your own research or with respect to labs;
- Honesty during examinations.

CHEATING AND PLAGIARISM

Students are responsible for their own work. Students who share homework assignments are often unprepared for classroom assignments and exams. Cheating in any form is unacceptable. Students must understand that plagiarism is not only a form of cheating but it is also against the law.

Any action which misleadingly implies someone else’s work is your own in plagiarism. Some examples of plagiarism are:

- Submit a paper to be graded or reviewed that you have not written on your own.
- Copy answers or text from another classmate and submit it as your own.
- Quote or paraphrase from another paper without crediting the original author.
- Cite data without crediting the original source.
- Propose another author’s idea as if it were your own.
- Fabricate references or using incorrect references.
- Submit someone else’s presentation, program, spreadsheet, or other file with only minor alterations.

DESCRIPTIONS OF CONSEQUENCES FOR INAPPROPRIATE BEHAVIOR

CORPORAL PUNISHMENT

To establish and maintain an educational climate conducive to learning, the Tuscaloosa County Board of Education permits the use of corporal punishment (paddling) as a last resort and under the following conditions:

- The student has been notified of the offense for which he/she is to receive corporal punishment, and the student has been given an opportunity to explain his/her actions;
- The punishment is administered by the school principal or his/her designee and witnessed by a certified school employee, preferably of the same gender as the student;
- The punishment is administered out of view of any other students;
- The use of corporal punishment shall at all times be reasonable and proper and must not be severe enough to cause bodily injury to the student;
- All cases of corporal punishment shall be documented by both the person administering the punishment and the witness;
- Documentation shall be filed in the principal’s office;
- Parents/guardians shall be notified that their child has received corporal punishment; and
- Corporal punishment shall consist of no more than three (3) licks administered to the buttocks with a smooth surface paddle free of holes and/or cracks.

- Discipline of a student with disabilities shall be determined on a case-by-case basis in accordance with the requirements of the individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act, and the student’s IEP. (Policy: 5.30.1.)
BEHAVIOR PLAN
A supervised behavior plan for correction of misbehavior may be designed to address persistent, disruptive, or continued disregard for general school rules. Students, parents, and teachers will collaborate to develop a behavioral plan that will target areas for improvement, along with rewards for progress and consequences for continued misbehavior. Special education teachers will be included in the dialogue for students with an IEP. The 504 Chairperson and specified teachers will be included in the dialogue for students with a 504.

DETENTION
A student may be detained for disciplinary purposes before, during, or after school and will be under the supervision of a certified school staff member. Detention can be scheduled at the discretion of school administration and may include Friday evening or Saturday.

BUS SUSPENSION
A student who misbehaves on the bus or one who demonstrates misbehavior at the bus stop may lose privilege of riding the bus for a period of time. The period of time that a student is suspended from riding the bus may range from one day to permanent removal of bus privileges.

SUPERVISED WORK/CLEAN-UP PROGRAM
A student may be assigned to a school work/clean-up program for disciplinary purposes and will be supervised by a Tuscaloosa County School System’s staff member assigned by an administrator.

RESTITUTION FOR DAMAGES
A student or his/her parents may be assessed the exact amount of replacement, repair, or service costs which result from damage to school property or the property of others caused by the student. If cost of damage is not paid then school or board administrator may file criminal charges in order to collect restitution.

SUPERVISED TIME-OUT
A student may be temporarily removed from regular classes for disciplinary purposes. The student will have the opportunity to complete missed work.

REQUIRED PARENT CONFERENCE
Parents or legal guardians must attend a conference for students whose behavior requires parental/guardian intervention. Parents or legal guardians must attend a reinstatement conference following out-of-school suspension.

IN-SCHOOL INTERVENTION PROGRAM (ISI)
A student may be temporarily denied attendance in regular classes for disciplinary purposes. A student assigned to ISI will continue to come to school and receive credit for assigned work that is completed; however, he/she will be isolated from the school’s student population. While in ISI, a student may not attend any Tuscaloosa County School System’s school activities during normal school hours.

The fundamental purposes of ISI are to:

- ensure a calm and safe climate in all regular classrooms where all students are afforded the opportunity to learn and achieve at their maximum rates; provide unruly students the opportunity to remain in the school setting and to continue their education, while at the same time impressing on them the need to accept standards of conduct that are in their best interest and the best interest of all students;
- keep all students enrolled in and attending school;
- provide an alternative to out-of-school suspension and to attempt to modify disruptive behavior by isolating disruptive students from their classmates.

ALTERNATIVE CLASS
Alternative class is designed for students whose behavior warrants removal from the regular school program for an extended period of time (typically 10-45 days). While assigned to alternative class, parents may be required to transport students to and from school. Students will be prohibited from attending or participating in any Tuscaloosa County School System’s school activities, on or off campus, during the time assigned to long-term ISAlternative class. Students will receive credit for all work completed during the assigned long-term ISAlternative class placement.

OUT OF SCHOOL SUSPENSION (OSS)
Suspension is defined as the temporary removal of a student from school for violation of school policies, rules, regulations or for interfering with the orderly operation of the school. A suspension shall not exceed 10 school days per term/semester for non-special education students and 10 days per YEAR for special education students. Only the Superintendent or his/her designee, Principal, or assistant Principal shall have the authority to suspend students. Students shall be given notice of the charges against them and shall have the opportunity to present their explanation of the situation before any action is taken. A suspended student shall not attend school or any school-related activities during the suspension nor enroll in another school in the Tuscaloosa County School System until the suspension is completed. A suspended student will not return to regular classes on the day of suspension, but will leave school only when the parent/guardian or other proper authority assumes responsibility for the students. Parents or legal guardians, student, an administrator must attend a reinstatement conference following out-of-school suspension. If a student’s behavior is so serious and disruptive that expulsion is recommended, the student may be suspended upon the Superintendent’s or his/her designee’s approval, until an expulsion hearing can be scheduled before the Board of Education. When a student has been suspended for an accumulated total of 10 days during the school year, an administrative hearing with the Superintendent or his/her designee shall be held (Policy 5.33.2).

IMPACT (INTERVENTION, MEDIATION, PARENT INVOLVEMENT, ACHIEVEMENT, CHANGING TOMORROW)
A collaboration between the Tuscaloosa County School System, the Tuscaloosa County District Attorney’s Office, and the Tuscaloosa County Sheriff’s Department has been formed to establish an early warning disciplinary program for the school/system. Members of the three agencies will collectively attempt to foster a positive, nurturing environment for the students and parents of this school system. The intent of the new early-warning program will be to help decrease the number of disciplinary infractions and make a positive impact on the number of students dropping out of school. The following explains how the program will be implemented.

- The Principal will send a letter home to the parents when a student is suspended from school the first time.
- The Superintendent will send a letter home to the parents when a student is suspended from school for the second time.
- When a student is suspended for the third time, a member of the sheriff’s office will deliver a letter to the parent(s) or guardian(s), and the Director of Student Services for the Tuscaloosa County School System will set up the Early Warning Disciplinary Hearing at the Tuscaloosa Municipal Court.

State law, Code of Alabama (1975), 16-28-12-7 and 22, requires parents to ensure that their children are enrolled in school, attend school on a regular basis and conduct themselves appropriately while in attendance. The law holds parents accountable for their child’s behavior in the school setting. A violation of this law is a Class C Misdemeanor and is punishable by up to 90 days in the Tuscaloosa County Jail.

ALTERNATIVE ACADEMIC/ADMINISTRATIVE OPTIONS
The Tuscaloosa County School System’s believes serve as the foundation for creating alternative academic/administrative options for students who have violated the Student Code of Conduct and/or may need an alternate learning environment to the traditional school setting. The authority to expel a student is vested only in the Board. The Board and its administrators may consider mitigating circumstances before imposing punishment, including risk of harm, intent, age and grade of student; therefore, in some situations rather than expelling students from the Tuscaloosa County School System on a long term, or permanent basis, alternative academic and administrative options have been established for students who have violated the Student Code of Conduct. During the administrative conference with the Superintendent and/or his/her designee and the school principal or his/her designee, if an alternative academic and administrative option is recommended rather than expulsion, the recommendation for expulsion will be placed on hold.

The alternative academic and administrative options are located at GRAD Academy, Project BETHEL, and SPAN. All three programs are for any violation classified as major (Class III) or for an accumulation of 10 days of out of school suspension.
Students participating in one of the academic/administrative options may only be physically present on any school system grounds, campus and/or property of the school system for academic purposes only. Students will be excluded from any extracurricular activities (to include, but not limited to athletic team sports, games, sports, tryouts), any meetings or any other scheduled activity sponsored by any school of the school system. Violation may subject such student to additional discipline that may range from a suspension, enforcing the expulsion, to referral for appropriate action by law enforcement.

RECOMMENDATION FOR LONG-TERM SUSPENSION/EXPULSION
Serious misconduct or continuing misconduct of any student may be referred to the Superintendent or his/her designee with a recommendation for long-term suspension (more than ten days) or possible expulsion. After review of the case, the Superintendent may
1. uphold the long-term suspension recommendation,
2. make a recommendation for expulsion to the Board, or
3. refer the case back to the principal for consideration.

The Board has the exclusive authority to expel a student from school. The Board shall convene a hearing and shall render a decision within ten days of the Superintendent’s recommendation for expulsion. A student shall remain suspended from school pending the decision. The Superintendent shall notify the parent/guardian, in writing, of action taken by the Board.

EXPULSION
Expulsion is defined as any denial of school attendance for a period longer than 10 school days (defined as 10 days per term/semester for non-special education students and 10 days per year for special education students). The authority to expel a student is vested only in the Board. The Board will have the duty to review the evidence advanced by the Principal, other school system personnel, and other interested parties in support of the recommendation for an expulsion and to hear and review any rebuttal advanced by the student, parents, guardians, or representative. The Board and its administrators may consider mitigating circumstances before imposing punishment, including risk of harm, intent, age and grade of student. Expulsion may be for the remainder of the school year or for a definite period of time extending beyond the remainder of the school year, or it may be permanent. The Board may require that at the end of an expulsion period, the student and his/her parents/guardians appear before the Superintendent and/or Board to determine if changes in behavior on the part of the student have occurred which indicate a willingness and ability to function in the school setting. Moreover, the Board may require that the expelled student participate in activities which would reasonably be assumed to change his/her behavior in a positive direction as a condition for re-admittance to school (Policy: 5.33). Students with disabilities who are receiving special education services other than gifted may not be expelled from school for any misconduct that has a direct and significant relationship to that student’s areas of disability. If the IEP Committee determines that the behavior in question does not have a direct and significant relationship to the student’s areas of disability, the public education agency may expel the student, however, a complete cessation of education service is not permissible (Policy: 5.33).

ADMINISTRATIVE CONFERENCE
An administrative conference with the Superintendent and/or his/her designee will be conducted on proposed expulsions when a student has accumulated a total of 10 days suspension, or when other circumstances dictate the need for a hearing. Administrative conferences are considered non-adversarial; therefore, there will be no need for legal counsel to represent the parent or school system. Should a parent opt for legal representation at any administrative hearing, the parent must notify the Office of Student Services at least one school day prior to the hearing to ensure the presence of the Board Attorney. Failure to provide proper notification shall necessitate the rescheduling of the administrative conference.

ATTENDANCE POLICY AND REGULATIONS
The Tuscaloosa County Board of Education believes that regular school attendance is important to students and to the school system. Regular attendance by students facilitates development of the skills and knowledge necessary to function in a democratic society. Therefore, the Board endeavors to secure, in compliance with Alabama law, the prompt and regular attendance of students and to secure their proper conduct, and to hold the parents, guardians, or other persons in charge or control of students responsible and liable for such students’ nonattendance and improper conduct. (Policy: 5.40 and 5.41).

ABSENTEEISM
An absence is defined as nonattendance in a regularly scheduled class or activity. To be counted present, a student must be present more than 50% of the allotted time period.

CHRONIC ABSENTEEISM
Chronic Absenteeism is habitually missing 10 percent or more of school days due to absences for any reason—excused absences, unexcused absences and suspensions.

EXCUSES
In accordance with Alabama law, parents/guardians MUST explain the cause of every absence of students under their control or charge. Every student, upon return to school, MUST bring a written excuse from home within two (2) days following the absence signed by the student’s parent/guardian for each absence and present it to the Principal or his/her designee. After a total of 10 absences in a school year for elementary and middle school students, the parent/guardian of student will be required to provide medical or legal documentation for absences to be excused. After a total of 5 absences per term/semester for high school students, the parent/guardian of student will be required to provide medical or legal documentation for absences to be excused. All written excuses shall be retained for the remainder of the school year in the Principal’s office or other approved locations.

EXCUSED ABSENCES
All student absences shall be designated as either excused or unexcused. In accordance with Alabama law, a student shall be excused for an absence from school for any of the following reasons:
- personal illness of the student
- death in the immediate family
- inclement weather which would be dangerous to the life or health of the student as determined by the Principal
- legal quarantine or subpoena
- with prior permission of the Principal and consent of parent
- emergency conditions as determined by the Principal
- prior permission of the Principal and consent of the parent/guardian
- official religious holidays

UNEXCUSED ABSENCES
Absence for reasons other than those defined above shall be considered as unexcused. Any student seventeen years of age or older who has not registered within the first five school days of the beginning of a new school term/semester will be denied admission unless extenuating circumstances are approved by the Superintendent or his/her designee, unless the student qualifies for services under applicable state and federal law. In such instances, any student seventeen years of age or older may be enrolled and is eligible for educational services until age of twenty-one.

MAKE-UP WORK: EXCUSED ABSENCES
If a student is absent for any excused reason as defined above, the student will be allowed to make up all major assignments and other work missed during said absence or absences at a time agreeable to the teacher(s). Teachers shall not be required to reteach lessons, but students shall be given a reasonable opportunity to learn the lessons missed due to excused absences. At the secondary level, the student shall be responsible for contacting the teacher or teachers to arrange to make up the work. At the elementary level, the parent/guardian shall be responsible for arranging necessary make-up work. TRUANCY
Truancy is the habitual and unlawful absence from school. In accordance with the Code of Alabama, the parent/guardian is responsible for requiring any student under his/her control or charge and under 17 years of age to attend school (Policy: 5.43).

EARLY WARNING TRUANCY PREVENTION PROGRAM (EWTPP)
The Early Warning Truancy Prevention Program (EWTPP) requires that a weekly report be submitted to the attendance office for all students between the ages of 6 and 17 having unexcused absences. The student and his or her parent(s)/guardian(s) may be invited to attend this meeting. The team will discuss strategies/develop a plan of action for addressing the student’s truancy issues. Once the plan is implemented, if the student continues to have unexcused absences, the student is referred for EWTPP. Upon the occurrence of a fifth unexcused absence, the parents/guardians and student are required to attend an EWTPP conference at the Juvenile Court. At the conference, the parents/guardians and student are informed of the State’s compulsory attendance laws, court procedures, and consequences of further unexcused absences (Policy: 5.43).

SCHOOL ATTENDANCE AND DRIVER’S LICENSE/LEARNER’S PERMIT

PURPOSE OF ACT
The purpose of Legislative Act 93-386 as enacted by the Alabama Legislature is to require school attendance by persons 16 - 19 years of age as a prerequisite for the issuance of a driver’s license/learner’s permit by the State of Alabama for the operation of a motor vehicle. School attendance standards may be met by enrollment in a school, General Educational Development (GED) program, or job training program approved by the State Superintendent of Education.

PENALTY PROVISIONS OF THE ACT: ENROLLMENT, SCHOOLING, EMPLOYMENT
Section I of the Act states, “The Department of Public Safety shall deny the issuance of a driver’s license/learner’s permit or the renewal of a driver’s license to operate a motor vehicle to any person under the age of 19 who does not, at the time of application, present a diploma or other certificate of graduation from a secondary high school or documentation that the person is enrolled in a secondary school, or is enrolled and making satisfactory progress toward the GED certificate; or is participating in an approved job training program approved by the State Superintendent of Education; or is gainfully and substantially employed; or is a parent with care and custody of a minor or unborn child; or has a physician’s statement that the parents of the person depend on him or her as their sole source of transportation; or is exempt from this requirement based on Section 16-28-1 of the Code of Alabama:”

SUSPENSION OF CURRENT DRIVER’S LICENSE/LEARNER’S PERMIT
Further, persons 16 years and older who have a driver’s license/learner’s permit who withdraw or who are absent from school for 10 consecutive days or 15 days total for unexcused reasons during a term/semester shall be reported by the school authorities to the Department of Public Safety. The Department of Public Safety shall notify persons that their driver’s license/learner’s permits will be suspended on the 30th day following notification unless re-enrollment occurs or one of the other conditions is documented.

OPERATIONAL PROCEDURES: PRINCIPALS’ RESPONSIBILITIES
Principals or their designees shall provide students with information relative to the Act and procedures for compliance. Principals or their designees shall complete Part 1, Section I of the “Student Enrollment/Exclusion Status Form” at the request of students enrolled in their schools. Principals or their designees should provide students with information relative to completing Part 1, Section 2, and Part 2 sections of the form; however, it is the responsibility of the student/parent/guardian to secure signatures, documentation statements, etc., for the GED and Exclusion Status Sections. Principals or their designees shall complete and transmit the Department of Public Safety Notification form on each student who drops out or is absent from school for 15 consecutive days or 20 days total for unexcused reasons during school year.

OPERATIONAL PROCEDURES: STUDENTS’ RESPONSIBILITIES
Students, 15 - 19 years of age, who are enrolled in a school of the system and desire to acquire their driver’s license or learner’s permit, should obtain a Student Enrollment/Exclusion Status form from the office of the school in which they are enrolled prior to going to the Department of Public Safety. Students should complete the name and personal information portion of the form and request the Principal or his/her designee to complete Section I of the form.

OPERATIONAL PROCEDURES: FORMER STUDENTS’ RESPONSIBILITIES
Persons, 15 - 19 years of age, who are not enrolled in a school of the system and desire to acquire a driver’s license or learner’s permit, should obtain a Student Enrollment/Exclusion Status form from the office of the school they previously attended or at the Central Office prior to going to the Department of Public Safety. Such individuals must contact their former Principal and the appropriate agency/individual to complete other applicable sections (Policy: 5.42).
COMPUTER OPPORTUNITIES, SOFTWARE APPLICATIONS, AND WEBSITES

In each school, students have the opportunity to have hands-on experiences using computers and telecommunications technology. Opportunities for student access to Internet resources and other technology-based materials are provided. Library Media Centers, teachers, and the Central Office have acquired a variety of first-quality software to enhance computer education in the schools.

A list of software applications, resource websites and individual school websites is accessible on the district website at www.tcss.net.

TCSS BRING YOUR OWN DEVICE (BYOD) TECHNOLOGY CONDUCT

As new technologies continue to change the world in which we live, they also provide new and positive educational benefits for classroom instruction. To encourage this growth, students may bring their own technology (BYOD) as per their school’s procedures and rules. Access to BYOD Wi-Fi is controlled by the district and at times it may be turned off without prior notice in order to prevent network bandwidth saturation or special situations such as student testing. Students may be required to register their devices and/or use district provided login accounts to access the wireless network services.

For purposes of BYOD, “Device/Technology” means a privately owned wireless and/or portable electronic (EDevice) hand held equipment that includes, but is not limited to, existing and emerging mobile communication systems and smart technologies, portable Internet devices, Personal Digital Assistants (PDAs), tablets/laptops/EReaders, hand held entertainment systems or portable information technology systems that can be used for word processing, wireless Internet access, image capture/recording, sound recording and information transmitting/receiving/storing, such as iPad, Nook, Android devices, etc.

Responsibility to keep the device secure rests with the individual owner. The Tuscaloosa County School System, nor its staff or employees, is not liable for any device stolen or damaged on campus. It is recommended that skins (decals) and other custom touches are used to physically identify your device from others. Additionally, protective cases for technology are encouraged. Students should not share or loan their personal cellular/telecommunication or EDevice with other students.

The use of technology to provide educational material is not a necessity but a privilege. At no time will a student be required to bring his or her own technology to school to complete assignments. A student does not have the right to use his or her laptop, cell phone or other electronic device while at school. When abused, privileges will be taken away. When respected, they will benefit the learning environment as a whole.

Students and parents/guardians participating in BYOD must adhere to the Student Code of Conduct, as well as all Board policies, particularly the Technology Acceptable Use Policy and published guidelines.

Additionally, technology:
- May not be used specifically for instructional purposes under the guidance of a teacher.
- May not be used during non-instructional time, e.g., lunch and class changes.
- Cellular or EDevice devices must be in silent mode while on school campus unless directed and supervised by a teacher as part of the learning environment.
- May not be used to cheat on assignments or tests, or for non-instructional purposes (such as making personal phone calls and text/instant messaging).
- May not be used to record, transmit or publish photographic images or video of a person, or person on campus during school activities and/or hours unless under the supervision of a teacher or administrator. Students that violate this procedure may face disciplinary action.
- May only be used to access files on computer or Internet sites which are relevant to the classroom curriculum. Games are not permitted unless they are part of the teacher’s assignment.
- Students are expected to understand and abide by the following:
  - The school’s network filters will be applied to the Wi-Fi connection for all devices for the Internet and attempts will not be made to bypass them.
  - Bringing on premises or infecting the network with a virus, Trojan, or program designed to damage, alter, destroy, or provide access to unauthorized data or information is in violation of policy.
  - Processing or accessing information on school property related to “hacking”, altering or bypassing network security policies is in violation of the Tuscaloosa County School System’s technology policy.
  - The school district has the right to collect and examine any device that is suspected of causing problems or was the source of an attack or virus infection.
  - Printing from personal laptops will not be possible at school.
  - Students are not permitted to wire connect via Ethernet cable or USB to school’s LAN network cable outlets or computers with their personal BYOD devices.
  - Personal technology is charged prior to bringing it to school and runs off its own battery while at school. No plugging devices in to school AC power receptacles.
  - Additional classroom-specific procedures will be specified by each teacher, including permitted technology, times and uses, restricted times and uses, and other considerations.

Possession of cell phones and other electronic devices are addressed in the Technology Usage Policy. Students in violation of this policy may lose network and/or technology privileges as well as be subject to formal disciplinary action. Policy may be found at www.tcss.net. (Policy 5.90)

DRESS CODE

The Board and administration recognize the effects which student dress and grooming have upon student behavior and commitment to learning. The Board and administration further recognize the importance of personal rights and privileges of each individual student in the school system; however, individual rights stop where the rights of the group (the school) begin; no student has the right to dress or appear in such a manner that disrupts the teaching-learning process. The Board strongly believes it is the responsibility of students and parents/guardians to use reason, good judgment, and common decency in the choice of dress and physical grooming in the school setting. Therefore, it is believed that the following dress and appearance standards are essential to the orderly operation of the schools of the School System on the basis of health, sanitation, safety, and prevention of disruptive appearances at school:

- Students must wear shoes; shoes that mark or damage floors will not be permitted; shoes that have wheels or other attachments may not be worn.
- Hats/caps/lfglasses/sokc caps/bandannas are not to be worn inside buildings; hoodies may not cover a student’s head while in the building.
- Dark glasses may be worn only with a doctor’s prescription.
- Shorts, skirts, and dresses must be appropriate for school; those that are tight fitting and/or unreasonable in length may not be worn.
- Belts and pants must be fastened at the waist; overalls must be properly fastened and buttoned.
- Clothing or personal items associated with gang affiliation or gang activity are prohibited.
- Clothing should be in good taste for the age, maturity, and size of the student; apparel which renders one’s appearance as suggestive or indecent is prohibited; no midriffs may be exposed at any time; no undergarments are to be exposed.
- Slogans, symbols, patches, and obscene writings which are disruptive or suggestive are prohibited.
STUDENT TRANSPORTATION

In an effort to provide students with safe and secure transportation to and from home, the Tuscaloosa County Board of Education has set procedures and guidelines every parent and student must follow. These procedures are applicable to any school activity in which buses are used.

- The Director of Transportation or his/her designee shall authorize all bus routes and stops;
- Bus stops shall be established at points that are a minimum distance of two-tenths (2/10th) of a mile apart, unless otherwise justified by extenuating circumstances or safety factors;
- The distance off a main road must be at least five-tenths (5/10th) of a mile in order to provide service;
- Buses shall not be routed over roads that are not maintained by federal, state, or local government;
- School buses shall only be used for the transportation of students to and from school and other educational purposes;
- Only authorized employees of the school system or students shall be permitted to ride buses to and from school;
- Special transportation will be provided for any student with disabilities whose IEP (Individualized Education Program) requires it;
- Transportation for students with disabilities may include travel to and from school, between schools, and with additional personnel assigned.

LOCATING SCHOOL ZONES, BUS ROUTES, AND BUS STOPS – INFOFINDER I

INFOFINDER I is the Tuscaloosa County School System’s bus transportation routing software that will provide parents with the ability to locate school zones, bus routes and stops based on their home address via the Internet and a web browser. A direct link to INFOFINDER I may be found at www.tcss.net

SCHOOL BUS CONDUCT

The Board recognizes the school bus as an extension of the classroom and requires students to conduct themselves in a responsible manner on the bus. The Board further recognizes that riding a school bus is a privilege that will be revoked if appropriate conduct by the student is not observed. When a student does not maintain appropriate conduct on a bus, the bus driver shall bring such instances to the attention of the principal or the principal’s designee. The principal or the principal’s designee shall inform the student’s parent immediately of serious misconduct and request cooperation in controlling the student's behavior. The principal or the principal’s designee shall also discipline students who misbehave in accordance with policies and procedures governing misconduct.

Should misconduct on a Tuscaloosa County school bus create a danger to the driver or students, the bus driver is authorized to drive immediately to the nearest school for removal of the student(s) creating the danger. The principal will notify the student’s principal and the Board’s discipline process will be followed. Denial of the privilege of riding the bus shall be authorized as an appropriate consequence to serious bus misconduct.

The Board shall assume the responsibility for the supervision of students who ride the bus when they board the bus. During transportation of students on school district buses or other modes of transportation used from time-to-time, video cameras may be used by school personnel for the purpose of supervision of students using said transportation. That supervision shall end when the student is discharged from the bus at the end of the school day. Questions and/or concerns should be directed to the Director of Transportation at (205) 342-2636.

SCHOOL BUS RULES OF CONDUCT

1. Students will maintain proper conduct at all times while riding the bus.
2. Students will not use profanity, offensive or disrespectful language or gestures.
3. Students will remain seated facing forward with feet on the floor and legs out of the aisle.
4. Students will keep all body parts inside the bus at all times.
5. Students will maintain a low level of conversation with person(s) in same seat.
6. Students will not spit or throw anything in the bus or out the windows.
7. Students will not push, shove, intimidate, harass, fight, or make other students or staff uncomfortable.
8. Students will be at the designated stop five minutes before the designated pick-up time.
9. Students will provide written permission from a parent to the principal when riding a bus other than the regular bus or when planning to exit the bus at another stop. The principal may approve the request based on a space available basis.

11. Students will not have any food, drink, or gum on any Tuscaloosa County bus at any time.

17. Students will not carry items on the bus which are not allowed at school, including but not limited to, matches, tobacco products or paraphernalia (lighters, matches, vapor pens, e-cigarettes, rolling papers, cigarettes, smoke-less tobacco, and any similar devices or objects), knives, guns, explosives, laser pointers, live animals, glass containers, and/or large bulky items. No bulky item designed as luggage is allowed. If an item is too large to sit on a student’s lap or by his/her feet, the bus driver shall be the judge as to whether it may be transported at all. The aisles of the bus must remain unobstructed at all times in order to allow easy passage for all students.

Parents and students should be aware that the bus driver’s job is to protect students’ lives by having eyes on the road at all times. Failure by any student to follow the above rules and the Tuscaloosa County Schools Code of Conduct will lead to disciplinary actions.

STUDENTS SHOULD ADHERE TO THE FOLLOWING REQUIREMENTS WHEN EXITING AND CROSSING IN FRONT OF THE BUS.

1. Students must be at the bus to make a complete stop, that the door is still open, and that the stop signal is extended;
2. Students must cross in front of the bus within sight and hearing of the driver, look both ways, and stay out of the line of traffic until the roadway is free from danger;
3. Students must proceed across the roadway upon signal from the driver or bus patrol;
4. Students will not cross four-lane roadways; they will be picked up and dropped off on their side of the four lane roadway.

Anytime throughout the school year, if a student is considered a threat to the safety of the students and/or the safe operations of the bus, the student may be removed from the bus for the remainder of the school year. Riding the school bus is a privilege, not a right.

The following laws relate to civil liabilities and criminal penalties for violence or other misbehavior by students on school property or against school employees:

ATTENDANCE AND CONDUCT (ACT 84-782)
