

Brookwood Elementary School BYOD for Kids

The following is a list of procedures that will allow children to bring their own mobile devices to school to be used for school work. This is a privilege, not a right, and failure to follow any of these procedures will result in disciplinary action.

1. You will never be required to bring your device to school. There is plenty of available technology at BWES including computer labs, iPads and NEO 2's

2. **You are responsible for keeping your device safe.** No one at the school or county board is responsible for a lost, stolen, or damaged device. It is your responsibility.

3. Use skins, decals, or labels to make it easy to know which device is yours.

4. You must use the school's Wi-Fi. You may NOT use 3G or 4G at school. We will teach you how to access our Wi-Fi.

5. Your device must stay turned off and kept in your backpack at all times unless your teacher gives you permission to use it for learning.

6. You may not use your device at lunch, during class changes, or during dismissal. The device should always be kept in your backpack.

7. Your device may not be used to cheat on assignments or tests.

8. You may not use your device to make phone calls, instant message or text, at any time during school hours, 7:30-3:15.

9. You may not take pictures or videos with your device.

10. You may not play any games on your device unless they are part of your teacher's assignment.

11. You may not print from your device at school.

12. You may not connect your device to any network cable outlet or computer in the school.

13. Charge your device before you bring it to school. **You may not charge your device at school.**

14. You must follow any other rules or procedures your teacher may set up for your classroom.

15. You may not use your device on the school bus.
