

Virtual Learning Program

Mission

Our mission is to educate and empower all students to be college and career ready graduates – prepared to make positive contributions to our global society.

Beliefs

- ✓ High expectations are necessary to achieve goals and expand opportunities for all.
- ✓ Education is a shared responsibility that positively impacts the quality of life.
- ✓ Equity, fairness, accountability, and fiscal responsibility are foundations of our decision-making.
- ✓ Safe, well-equipped, student-centered schools support student success.
- ✓ Diversity and individual learning needs are respected, included, and valued.

Through the TCSS Virtual Learning Program, the Tuscaloosa County School System provides students the option to complete courses by way of an online, virtual platform. Virtual courses, which align with the Alabama College and Career Ready Standards, offer students the benefits of time, flexibility and program customization.

Students who utilize the virtual program also assume increased responsibility in personal time management, organization, self-direction, and personal discipline to complete course and school requirements.

What do I need to be successful as a full-time online learner through the Tuscaloosa County Virtual Learning Program?

- ✓ On-line courses require more commitment and self-discipline than classroom courses because you must take responsibility for doing the assigned work, getting assignments completed and submitted on time, and being prepared for tests and quizzes.
- ✓ You will need to pace yourself, rather than relying on feedback from the teacher or other students. It is easy to put off your on-line course when you are not required to be in a classroom each week.
- ✓ If you are a self-starter, possess self-discipline, and can work independently on a task until it is complete, then you will be a successful on-line student. The ideal virtual learner is able to answer these questions positively:
 - Am I self-motivated?
 - Can I work well independently?
 - Do I manage my time well?
 - Can I establish and stick to a regular weekly schedule for class work/assignments?
 - Am I computer and web literate?
- ✓ You will be asked to complete an online survey that asks more specific questions about whether you should consider being a full-time online student. Personnel at your school will be asked to answer the same questions about you. See page 8 for a list of the questions.

ACADEMIC INTEGRITY CONTRACT

Academic integrity ensures students possess the responsibility to acquire skills honestly in the classroom that aids them in college and the workforce. Academic integrity also guarantees students a quality learning experience in which work is evaluated fairly and hard work is recognized and valued. Students in the Tuscaloosa County School System are expected to submit original work and give credit to other peoples' ideas.

Maintaining academic integrity involves:

- ✓ Creating and expressing your own ideas in course work;
- ✓ Acknowledging all sources of information;
- ✓ Completing assignments independently or acknowledging collaboration;
- ✓ Accurately reporting results when conducting your own research or with respect to labs;
- ✓ Honesty during examinations.

The Academic Integrity Contract of the Tuscaloosa County Virtual Learning Program combines the existing Academic Integrity policy of ACCESS Virtual Learning and additional requirements from the Tuscaloosa County School System.

Students enrolled in courses offered through ACCESS Virtual Learning must sign a commitment form attesting to academic integrity regarding each of the following topics:

- ✓ All work must be completed only by the student.
- ✓ Any collaboration among students must be pre-approved by the teacher.
- ✓ Plagiarism will not be allowed in any form. This will include copying or using the ideas or words of others and presenting them as one's own.
- ✓ Students will not allow others to copy their work.
- ✓ Content from the internet will not be misused or misrepresented.

If a student fails to abide by these policies, the student will be removed from the course(s) with a failing grade and will be subject to other consequences as determined by ACCESS and local school administrators.

All ACCESS Virtual Learning teachers utilize a variety of technologies to check student work for authenticity. If an instructor confirms that a student has plagiarized work in any manner, the student will be subject to consequences determined by ACCESS Virtual Learning administrative staff, the virtual learning teacher, and the Tuscaloosa County School System Academic Integrity Committee, and will be subject to removal from the course(s) with a failing grade.

Students enrolled in the Tuscaloosa County Virtual Learning Program must take all examinations as required by the ACCESS Virtual Learning teacher and by the Alabama State Department of Education. Students must take these in an environment proctored by a Tuscaloosa County School System employee.

Students are responsible for the following:

- ✓ Completing unit tests and course examinations in the proctored environment without the use of study aids or computer help unless so allowed by the online teacher.
- ✓ Provide reliable transportation to and from the testing site(s) designated by the Tuscaloosa County School System. (Typically the Zoned High School)
- ✓ Verify the proctor records the student's test title, assigning teacher, test date, start and end time.
- ✓ Advanced Placement courses are taught at the college level. Completion of Advanced Placement courses and satisfactory performance on the related AP exams may enable students to receive advanced credit and/or placement upon entering college. Students enrolled in any AP course must take the AP exam to earn AP weighted credit. The fees for all Advanced Placement courses are \$25 plus the AP exam.

Scores earned on tests or exams not taken at an approved Tuscaloosa County School System testing site without a proctor are subject to invalidation and review by the Tuscaloosa County School System Academic Integrity Committee. Additionally, in accordance with ACCESS Virtual Learning policy, the student may be removed from the course(s) with a failing grade and may be subject to dismissal from the Tuscaloosa County Virtual Learning Program.

EXTRACURRICULAR ACTIVITIES

What are the enrollment requirements for extracurricular activities?

- ✓ All students enrolled in the Tuscaloosa County Virtual Learning Program who participate in extracurricular activities must follow all policies and procedures established by the Alabama State Department of Education and the Tuscaloosa County School System.

What are the physical education or extracurricular class requirements?

- ✓ The Alabama High School Athletic Association and the Tuscaloosa County School System recommend taking the class affiliated with the extracurricular activity.
- ✓ If a high school requires an athlete to be enrolled in and participate in a weight training course to be able to participate on the team, the same requirement would apply for a student enrolled as a full-time online student. The full-time online student would be required to be enrolled in and participate in the same weight training course.

What are the expectation for the amount of time a full-time online student participates in practice?

- ✓ A student enrolled as a full-time online student in the Tuscaloosa County Virtual Learning Program must practice the same amount of time as a traditional student during a school day.

ADDITIONAL INFORMATION

What should students know?

- ✓ Ask your ACCESS instructor questions when you need information. That's why he or she is there!
- ✓ Students report to the TCSS Central Office to have their tests proctored on the dates identified on the Assessment Schedule. These dates will be distributed during the orientation session on July 26, 2019.
- ✓ Check your TCSS email and ACCESS Virtual Learning email often!
- ✓ Make sure your mailing address and phone number are current in INOW. If not, you may not receive important mailings/phone calls from your high school and/or ACCESS instructor.
- ✓ Notify the high school immediately should you have a change in your phone number and/or address.
- ✓ Take these courses seriously; you have to stick with them to be successful.
- ✓ Work hard and enjoy the academic credit you are earning—on your own!

What should students expect if they are at-risk of failing a class?

- ✓ If you are failing a course at the end of the first nine weeks, you will be placed on Academic Probation and be required to complete and submit an Academic Success Plan to help you chart a course for success.
- ✓ Students must be enrolled in enough courses to earn seven credits. However, for participation in extracurricular activities, students entering grades 10 - 12 must, for the last two (2) terms/semesters of attendance and summer school, if applicable, have a passing grade and earn the appropriate number of credits in each of six (6) subjects that total six (6) Carnegie units of credit, including four (4) credits from the four (4) core subjects composed of English, science, social studies, and mathematics with a numerical composite average of 70. As a result, students who do not meet the numerical composite average of 70 will be ineligible for participation in extracurricular activities (i.e. athletics, band, etc.)
- ✓ You may not repeat this course at another institution; you must repeat it with the Tuscaloosa County School System.
- ✓ Consider how you will improve your work for this class in the future:
 - Will you get tutoring?
 - Will you work on time management?
 - Will you seek help from the teacher during regularly scheduled office hours?

Virtual Learning Program

What is an Academic Success Plan?

- ✓ The Academic Success Plan is exactly that – a way for you to get back on track with your studies! Sometimes students have difficulties and fail a course, which means they will be put on academic probation.
- ✓ To help those students plan for future improvement, they must meet with their advisors to complete an Academic Success Plan.
- ✓ Students must do this in order to maintain their eligibility to be a full-time online student in 2020-2021.
- ✓ The Tuscaloosa County School System wants you to succeed! Work closely with your Virtual Learning Program Advising Team and you will be on your way to graduation.
