### BENEFITS OF BECOMING A NATIONAL SCHOOL OF CHARACTER

"Staff members use the word "family" to describe the culture of their school. Students perceive their teachers and staff as caring. Discipline reflects the positive attachments between all members of the school community. At the heart of each National School of Character is a set of shared "core values" that express and articulate what the school stands for. All teachers, staff, students and parents describe the school's core values as the "beating heart" that guides every aspect of school life. Schools of Character foster in their students a commitment to be honest and trustworthy, to volunteer their time and talents to the common good, and when necessary, to show the courage to stand up for what is right." [character.org](http://character.org)

At Brookwood Middle School, we focus on Building and Modeling Success and have a creed we live by: Participation, Responsibility, Integrity, Dedication, and Effort are five key elements that help me be successful. It is up to me to participate appropriately, to be responsible for my words and actions, to do the right thing, to be dedicated to my opportunities, and to put forth the effort needed to be successful.
